Proceedings of the Madras Government, Revenue Department, 23rd February 1863.

No. 317. Read the following Proceedings of the Board of Revenue, dated 9th February 1863, No. 753 :—

Read the following letter from J. W. B. DYKES, Esq., Collector of Nellore, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Udayagiri, 24th January 1863, No. 24.

SIR,

1. I have the honor to forward the usual report on the Cattle show held at Addanki on the 20th and 21st instant.

2. The Board will be glad to find that the show has been again a success.

3. I am unable to account satisfactorily for the exception in respect to the three and four year old bulls which were poor compared to the other classes; and the question shall have my attention. It is, however, possible, that all I shall be able to ascertain is simply, that, at the age of three and four years, it is hardest to keep young bulls in good order; they are growing; and should this prove to be the case, then, although they do not show well compared with the younger, or the more matured classes, nevertheless their being brought to the show, secure, these classes being better looked after than they otherwise would be, were there no show, and here again the beneficial effects of the show are materially felt, though not so manifestly.

4. The Governor's prize, a handsome gold ring, I had the honor of receiving direct from the Private Secretary a few days before the show was held. It was delivered to the successful competitor when the other prizes were distributed; and I have pleasure in adding, that the much coveted prize has, I believe, passed into the hands of a landholder and breeder of stock, likely, from what I heard, to show himself worthy of the honor.

5. In awarding the prizes for the heifers, the difficulty, arising from the mistake referred to by the Committee, was got over by there being no exhibitions, this year, of two year old heifers. The revised list submitted with this letter provides for the difficulty for 1864 by reducing the amount of the prices, whilst making the necessary increase in the number of classes.

6. And in submitting this revised list with the report on the show of 1863, I beg that the Board will be pleased to recommend for the sanction of Government that prizes be offered accordingly, for the next show; and that it be ordered to be held at Addanki on the 20th and 21st January 1864. Whilst I further beg to be permitted to publish the results of the show for 1863, and the orders thereon, in the District Gazette, and send a copy of the Gazette gratis to all who won prizes, as well as the Members of the Committee.

7. The amount sanctioned for the show for 1863, and provided for in the Budget, was Rupees 1,250, expended Rupees 1,161-10-0 as shown in the accompanying Memorandum; and for this expenditure sanction is requested.
