Proceedings of the Madras Government, Revenue Department, 27th February 1863.

No. 405. Read the following Proceedings of the Board of Revenue, dated 30th Januar 1863, No. 639:—

Read again letter from the Collector of Tinnevelly, dated 6th August, 29th October, and 2nd December 1862, Nos. 453 and 513, and recorded in Board's Proceedings of 21st August, 17th November and 19th December 1862, Nos. 5,510, 7,534, and 8,296.

Read also the following letter from the same Officer, dated 9th January 1863, No. 14:—

1. With reference to the Proceedings of the Board of Revenue dated 19th December 1862, I have the honor to submit a Tabular Statement in the prescribed form, showing distinctly the present Establishment for all the Chuttrums and that proposed for the future, re-modelled but without increase of charge.

2. As fruit and other trees have already been planted for the convenience of travellers, it is necessary that the gardens should be maintained.

Proceedings of the Madras Government, Revenue Department, 27th February 1863.

1. Ordered that the above letters, and Tabular Statement accompanying that of the 9th January, be submitted for the orders of Government.

2. With reference to paragraph 7 of the Proceedings of Government dated 27th May 1862, No. 1,179, wherein they expressed their willingness to allow the employment of three Sweepers on 2 Rupees each, and a total Saderwarid of 4½ Rupees for three newly built Chuttrums in Tinnevelly, the Collector submitted a Tabular Statement involving at first an increase of 10½, and afterwards of 7 Rupees a month, for the required Establishment for two of the new Chuttrums named in the margin, the third new Chuttrum in Tinnevelly, viz., Calpatty, having been transferred to the District of Madura subsequent to the orders of Government. It was observed however from that Tabular Statement, that five of the old Chuttrums had establishments of Kavilgars and Peon and Waterman as noted in the margin; but it did not appear which Chuttrums were thus provided, nor why they were so distinguished from the rest, especially as food was distributed at 10 out of the 23 Chuttrums of Tinnevelly. Moreover as Government had declined to allow similar establishments for the new Chuttrums, and had reduced them to one Sweeper and a Waterman when absolutely necessary, remarking at the same time that Kavilgars were unnecessary, as the Police would afford all necessary protection to property and person. It appeared to the Board that corresponding reductions might be effected in the existing establishments, if it could be done without impairing their efficiency, or that at least such reductions should be made as might meet the charge for the additional establishments at the new Chuttrums.

3. In furnishing information on the points adverted to by the Board, and explaining that the Kavilgars and Peons looked after the gardens attached to the Chuttrums, the produce of which was given to travellers gratis, the Collector replied that the only reduction that could be conveniently made in the establishments without impairing the efficiency of the Chuttrums, was to dispense with the services of the Kavilgars and Peons, and to employ gardeners instead on 3 Rupees a month to look after the gardens, by which a saving of 12½ Rupees would be effected, or more than sufficient to meet the cost of the additional establishments required at the new Chuttrums; and under the further instructions of the Board, he has now submitted a Tabular Statement showing distinctly the present establishment for all the Chuttrums, and that proposed for the future, as re-modelled, resulting in a net saving of 5½ Rupees a month, after making provision for the Sweepers and Saderwarid required for the two new Chuttrums.

No. 406. ORDER THEREON, 27th February 1863, No. 425.

1. The revised establishment for the Tinnevelly Chuttrums, amounting to Rupees 62 per mensem, and showing a saving of Rupees 5-8-0 from the present establishment (Rupees 67-8-0) after providing one Sweeper on 2 Rupees and an allowance of 1½ Rupee for oil and firewood for each of the two Chuttrums newly built, is sanctioned.

2. The Board will, however, ascertain and report whether the services of the five gardeners to be employed in the old Chuttrums cannot be dispensed with by renting out the gardens under stipulations for the maintenance of the trees in the garden. The Government do not deem it necessary that travellers should be supplied with fruit gratis.

3. The Board will be requested to report to what extent and in which Chuttrums effect has been given to paragraph 8 of the Order of Government dated 27th May 1862, No. 1,179, about discontinuing the distribution of food.

If he can point out any such provision, the tabular Statement of the additional Establishment proposed to be entertained for the two Chuttrums in questions will not need to be submitted to the Government of India, but may be sanctioned by the local Government under the ruling of the former Government in paragraph 43 of their recent letter dated 21st June 1862, No. 4,089.

SIR,

1. From the Tabular Statement submitted with your letter dated 29th October 1862, the Board infer that establishments as per margin, are entertained at 5, out of the 23 public Chuttrums in your District.

2. It does not however appear which Chuttrums are thus provided, nor why they are so distinguished from the rest, especially as food is distributed at 10 Chuttrums out of the 23.

3. Moreover Government have declined to allow similar establishments for the new Chuttrums, and have reduced them to one Sweeper and a Waterman when absolutely necessary, remarking at the same time that Kavilgars are unnecessary, as the Police will afford all necessary protection to property and person.

4. Under these circumstances it appears to the Board that a corresponding reduction should be effected in the existing establishments, if it can be done without impairing their efficiency, or that at least such reductions should be made as may meet the charge for the additional establishments at the new Chuttrums, and they direct me to request your opinion on the subject.

5. The submission to Government of your formal application will be deferred until your answer is received.

I have the honor to be,
Sir,

Proceedings of the Board of Revenue, dated 19th December 1862.

Read the following letter from J. SILVER, Esq., Collector of Tinnevelly, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated 2nd December 1862, No. 513 :—

Virdupatty Chuttrum.
Sattoor do.
Sevacasy do.
Shadi Khan's Choultry, and
Koattoor Chuttrum.

1. With reference to your letter of the 17th ultimo, No. 7,534, I have the honor to state that the five Chuttrums therein referred to, and named in the margin, were founded by Etbar Khan during his Fouzdaryship, for the relief, protection, and accommodation of travellers between Tinnevelly and Madura, and for feeding travellers in charity, and a grant of certain lands on favorable rent was obtained from the Nabob of the Carnatic for the support of the above Choultries.

2. In the year 1851, the Government in Extract from Minutes of Consultation dated 24th June and 21st October 1851, Nos. 621 and 1,043, ordered the gratuitous supply of food to be discontinued at the several Chuttrums, and the Chuttrum lands to be resumed and incorporated with the Government lands, and sanctioned an Establishment as per margin, to be entertained at each of the above Chuttrums which is now continued to this day. The Cavulgars and Peons look after the gardens attached to the Chuttrums, whose produce is now given to travellers gratis.

		Rs.	A.	P.

1 Peon	...	3	8	0	
1 Waterman	...	4	0	0	
1 Sweeper	...	2	0	0	
		10	8	0	

3. The Board in paragraph 4 of their letter under acknowledgment observe that a reduction should be effected in the existing Establishment. The only reduction that can conveniently be made in the Establishment without impairing the efficiency of the Chuttrums, is to dispense with the services of the Cavulgars and Peons who are now employed in looking after the gardens attached to them, appointing in their stead a gardener to each of the Choultries at 3 Rupees each per mensem.

4. By the above arrangement, a saving of Rupees 12-8-0 per mensem will be effected, which I consider more than sufficient to meet the charge for the additional Establishments required at the new Chuttrums.

5. I request the early orders of Government on the subject.

The Board approve the Collector's proposal to reduce the Cavulgars and Peons, appointing in their stead gardeners where necessary, and providing for the Establishment necessary for the new Chuttrums out of the saving thus effected, and request him to submit a Tabular Statement in the prescribed form showing distinctly the present Establishment for all the Chuttrums, and that proposed for the future, remodelled, but without increase of charge. In submitting this Statement, he will explain fully the necessity for maintaining the gardens to which he alludes.

No. 8,296.

Approving the Collector's proposal to reduce the Cavilgars and Peons attached to certain Choultries, and appointing in their stead gardeners where necessary, and calling for a Tabular Statement in the prescribed form, with certain other information.

1. Ordered that the above letters, and tabular Statement accompanying that of the 9th January, be submitted for the orders of Government.

2. With reference to paragraph 7 of the Proceedings of Government dated 27th May 1862, No. 1,179, wherein they expressed their willingness to allow the employment of three Sweepers on 2 Rupees each, and a total Saderward of 4½ Rupees for three newly built Chuttrums in Tinnevelly, the Collector submitted a tabular Statement involving at first an increase of 10½, and afterwards of 7 Rupees a month, for the required Establishment for two of the new Chuttrums named in the margin, the third new Chuttrum in Tinnevelly, viz., Calpatty, having been transferred to the District of Madura subsequent to the orders of Government. It was observed however from that tabular Statement, that five of the old Chuttrums had Establishments of Kavilgars and Peon and Waterman as noted in the margin; but it did not appear which Chuttrums were thus provided, nor why they were so distinguished from the rest, especially as food was distributed at 10 out of the 23 Chuttrums of Tinnevelly. Moreover as Government had declined to allow similar Establishments for the new Chuttrums, and had reduced them to one Sweeper and a Waterman when absolutely necessary, remarking at the same time that Kavilgars were unnecessary, as the Police would afford all necessary protection to property and person. It appeared to the Board that corresponding reductions might be effected in the existing Establishments, if it could be done without impairing their efficiency, or that at least such reductions should be made as might meet the charge for the additional Establishments at the new Chuttrums.

2 Kavilgars at Rupee 1 each.
1 Peon. ... ... 3½ do.
1 Waterman .. .. 4 do.
1 Sweeper ... ... 2 do.

3. In furnishing information on the points adverted to by the Board, and explaining that the Kavilgars and Peons looked after the gardens attached to the Chuttrums, the produce of which was given to travellers gratis, the Collector replied that the only reduction that could be conveniently made in the Establishments without impairing the efficiency of the Chuttrums, was to dispense with the services of the Kavilgars and Peons, and to emply gardeners instead on 3 Rupees a month to look after the gardens, by which a saving of 12½ Rupees would be effected, or more than sufficient to meet the cost of the additional establishments required at the new Chuttrums; and under the further instructions of the Board, he has now submitted a tabular Statement showing distinctly the present Establishment for all the Chuttrums and that proposed for the future, as re-modelled, resulting in a net saving of 5½ Rupees a month, after making provision for the Sweepers and Saderward required for the two new Chuttrums.

Present charges ...	67	8	0
Proposed do. ...	62	0	0

4. The Board recommend that the Establishment as entered in the tabular Statement now submitted be sanctioned.
