*Proceedings of the Madras Government, Revenue Department,
27th February 1863.*

No. 407. Read the following letter from J. L. LUSHINGTON, Esq., Acting Deputy Auditor and Accountant General, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated 2nd February 1863, No. 353:—

SIR,

1. With reference to the Proceedings of Government in the Revenue Department No. 95, dated the 15th ultimo, requesting to be informed whether the probable savings out of the Budget Grant for Land Revenue charges, viz, Rupees 5,03,000 therein pointed out, computed upon the actual payments made during the first six months of the current year, cannot be made available

to meet the charge of Rupees 78,360* noted in the margin, I have the honor to state, that the whole of the above mentioned sum of Rupees 5,03,000 cannot be considered as available to meet the additional expenditure of Rupees 78,360 as charges on account of the current year may remain unpaid within 30th April 1863, and

present short debits in account, on account of salaries of Civil Servants on leave will have to be adjusted at the end of the year agreeably to the rules laid down, with the approbation of the Government of India, a printed copy of which is enclosed with the Circular issued thereon by this Office, under date the 28th May 1861, No. 26. The debits on these two accounts are expected to amount to, at least, Rupees 2 lacs, with reference to the actuals of the past year.

2. I beg, however, to propose that the items now under reference amounting to Rupees 78,360, be met from the following expected savings, which are included in the amount of savings† given by Government, and are enough, for the present purpose.

(1.) Reduction of expenditure on account of the Revenue Survey and Settlement Departments, vide Proceedings of Government, Revenue Department, 3rd May 1862, No. 969.....	66,725

(3.) Purchase of Columbo Arrack.....	40,000

The last mentioned item has been entered here, with reference to the expectation of the Board of Revenue, who anticipate the decrease, in consequence of a falling off, in the sales of Columbo Arrack, in the Town of Madras.

3. It must be here remarked, that the whole of the sum of Rupees 38,861 now under reference, as also of Rupees 39,515 previously ordered,‡ will not form a debit against the Revenue Department, and consequently need not be met from the savings given in the last paragraph, as one-fifth of those sums is chargeable to the Magisterial Department under "F III. Law and Justice," thereby leaving a large surplus of about Rupees 70,000, as noted in the margin,§ available to meet other omissions, or additional charges, under Land Revenue.

No. 408. ORDER THEREON, 27th February 1863, No. 426.

The Government approve the arrangement proposed by the Acting Accountant General in paragraph 2 of this letter.

(Signed) J. D. SIM,
Secretary to Government.

3. It must be here remarked,
that the whole of the sum of Rs 38,561

large surplus of about Rs 70,000, as
