Proceedings of the Madras Government, Revenue Department, 9th January 1863.

No. 81. Read the following Proceedings of the Board of Revenue, dated 12th December 1862, No. 8,095:—

Read the following letter from B. CUNLIFFE, Esq., Collector of Madras, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Sydapet, 26th November 1862, No. 412.

SIR,

1. With reference to paragraph 2 of the Board's Proceedings of the 11th September 1862, No. 6,068, I have the honor to state that the sixth portion of the jungle has been rented for the current Fasli, and that the previous sections, except the first, are recovering themselves, and will be ready to cut when their turn arrives. The first portion is however backward, owing to the wood being felled before the present restrictive rules were in force, and it will require an additional year to recruit itself; and the second portion should be rented out before it.

2. Scarcely any extension of cultivation has taken place, indeed there is little roomfor it, as the trees are not felled, but merely the branches, under a certain thickness, lopped.

3. The Yenadies have not complained against the renters. The former state that the thinning of the jungle has caused a decrease in certain edible roots, which form a portion of their food, but this is scarcely to be deprecated, for as these roots become scarce, they will be the sooner weaned from their idle wandering life, and take the earlier to some fixed occupation.

Ordered to be submitted for the information of Government in continuation of the Board's Proceedings, dated 29th October 1862, No. 7,151.
