MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Controller of Military Finance, Fort Saint George, 19th February 1863, *A; to the Secretary to Government, Military Department, Fort Saint George.*

With advertence to my letter of the 26th January 1863, C., I have the honor to forward a communication* received from the Commissary General, from which it appears that the cost of Leaguers is included in the rate of Rupees 120 for Arrack, and that after deducting the amount realized by the sale of the Leaguer itself, the cost of the Arrack is less than that obtained by the Civil Department, by Annas 3-10¾ per Leaguer.

Proceedings of Government, No. 340, dated 31st January 1863.

**Dated* 12*th February* 1863, *No.* 39.

2. It appears to me that, under these circumstances, the Arrack should, if practicable, be received at once in the Vats, as I presume the cost price of the Leaguer is not realized; but on this point I shall address the Commissary General.

From the Commissary General, Madras, 12th February 1863, *No.* 39; *to the Controller of Military Finance, Fort Saint George.*

With reference to paragraph 2 of Government Order, No. 340, dated 31st January 1863, I have the honor to report for the information of Government, that the Arrack recently purchased by this Department is as marginally shewn, cheaper than that obtained by the Civil Authorities, as in the charge of one hundred and twenty (120) Rupees per Leaguer, the value of the Leaguers themselves is included, whereas the Civil charge of Rupees one hundred and fourteen, and Annas eight (114-8) is for the Spirit alone.

	Rs.	A.	P.
Commissariat charge per Leaguer	120	0	0
Civil charge " "	114	8	0
Apparent excess in favor of Civil Department	5	8	0
Amount realized by Commissariat on account of each empty Leaguer and deposited in Treasury.	5	11	10¾
True Balance in favor of Commissariat	0	3	10¾

ORDER, No. 806, 12*th March* 1863.

Communicated to the Revenue Department.

2. If the cost price of the Leaguer is not realized as apprehended by the Controller, it would be better to receive the Arrack into the Vats at once.
