Proceedings of the Madras Government, Revenue Department, 26th March 1863.

Read the following letters :—

No. 289. From C. A. ROBERTS, Esq., Acting Collector of Madras, to Colonel C. DENISON, PrivateSecretary to His Excellency the Governor, dated Sydapet, 17th March 1863, No. 20.

SIR,

1. Under instructions conveyed by Government in their Order No. 1,587 of the 22nd November 1859, Revenue Department, I have the honor to inform you that I have received a report from the Tahsildar of Sydapet Talook of damage, as particularized in the margin, occasioned by the Deer in the Park at Guindy to the cultivation of one Rangappah Maistry in the neighbouring village of Kanagam, on Cawnies 0-12-0 of land bearing an assessment of Rupees 1-8-8.

Cultivation damaged.	Amount of damage. Rs.	A.	P.	
Forty Plantain trees	2	8	0	at 1 Anna per tree.
Raggy plants in the seed bed, 6 measures	0	12	0	at 2 Annas per measure of Raggy.
Pumpkin and other vegetable garden of 420 beds on ½ Cawny	26	4	0	at 1 Anna per bed.
Brinjal and Chilly garden on ¼ Cawny	3	12	0	
	33	4	0	

2. The damage, after careful arbitration, has been estimated at Rupees 33-4-0, which amount I beg may be passed for payment to the party concerned.

No. 290. From the Honorable R. S. ELLIS, C.B., Acting Collector of Madras, to Colonel C. DENISON, Private Secretary to His Excellency the Governor, dated Sydapet, 19th March 1863, No. 21.

SIR,

1. I have the honor to acknowledge your Endorsement dated 18th March, conveying His Excellency the Governor's remarks on the amount claimed as damage done by the Deer in the Guindy Park, to the land of one Rangappah Maistry.

2. The damage would seem to have occurred in June last, and on it being reported to the Tahsildar of Sydapet, he deputed a Gumashta to the land in question, and summoned the Moonsiff of the village in which the land is situated, the Moonsiff of the neighbouring village and the village Curnums, to determine the loss which had been sustained by Rangappah Maistry.

3. The first award was 100 Rupees, which was the estimated value of the crop if it had ripened.

4. The land having only been under cultivation for three months, this amount was considered excessive, and was reduced to the sum now claimed, viz., 33-4-0.

5. It must be mentioned that this field has been converted into garden land with artificial irrigation, from two private wells, and that both Plantains and Pumpkins fetch very good prices in the Madras market.

6. This may account for the disproportion between the assessment and the value assigned to the produce.

7. It is to be regretted that the Tahsildar delayed to report at once the claim to the Collector, who could have ascertained by personal inspection the real amount of the damage at the time it occurred. But under the present circumstances of the case, I would recommend that the amount claimed be paid.

No. 291. ORDER THEREON, 26th March 1863, No. 589.

The Acting Collector will call upon the Tahsildar to explain why he delayed reporting this matter until verification of the alleged damage was impossible. The Acting Collector's attention is drawn to paragraph 2 of Government Order 22nd November 1859, No. 1,587.
