*Proceedings of the Madras Government, Revenue Department,
9th April 1863.*

No. 37. Read the following Proceedings of the Board of Revenue, dated 18th March 1863 :—
Read the following letter from R. W. NORFOR, Esq., Superintendent of Stamps, to
W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Madras,
16th March 1863, No. 787.

SIR,

1. I have the honor to acknowledge the receipt of the Board's Order of the 13th instant, communicating Order of Government 11th March 1863, No. 491, on the subject of the issue of the new water-marked paper, and to state in reply that pending the final orders of Government on the subject, I have brought all arrangements for the new issue into a state of forwardness, and that during the present week I shall be ready for the issue of a three months' supply of Judicial Stamps of 1 Anna value, and that in next week, on receiving some two Anna papers now at the Mint, I shall be ready for the issue of that denomination also.

2. I propose therefore by the end of the present month issuing to all the Districts a three months' supply of 1 and 2 Anna Judicial Stamps, and immediately following it by an issue of 12 Annas and 1 Rupee values all the foregoing being upon No. 3 paper, an issue for a future three months to be made immediately the stamping of it can be completed.

3. I had proposed issuing for the high values the large sized papers Nos. 1 and 2 sent to Madras contrary to orders, and with the Board's sanction I will on completing the issue of 1, 2, and 12 Annas and 1 Rupee values, proceed to stamp the large

* Form values 2 Rupees to 2,000 Rupees. papers and issue them,* this will not occupy much time as the quantities are not very great. There will then remain to be issued the following values 4 and 8 Annas. The quantities used of these are so large that from the present stock of paper it is not possible to stamp even a quarter's supply additional to the issue of 1 and 2 Anna papers. These denominations therefore will be issued only on the arrival of the expected supply of paper.

1. Ordered to be submitted for the information of Government.

2. The Board approve the Superintendent's proposed arrangements.

3. He will arrange for withdrawing the plain paper Stamps from the Vendors, as the water-marked material is substituted, and guard against its re-issue or clandestine sale. The stock on hand of Stamps on ordinary paper must not however be destroyed until the regular supply of water-marked material is established.

(True Copy and Extract.)

(Signed) W. HUDLESTON, Secretary.
