*Proceedings of the Madras Government,
Revenue Department.*

Inquiring whether sufficient space for the Stamp Office can be allotted in any of the following sites, viz., the Timber Depôt, Granary and Abercrombie's Battery. } Here enter 5th March 1863, No. 474.

Referred to Departments concerned for report, with reference to paragraph 1 of the foregoing order in the Revenue Department.

9th March 1863.

From the Barrack Master, Presidency, Fort Saint George, 27th March 1863, No. 1377; to the Secretary to Government, Military Department.

With reference to paragraph 1 in the Proceedings of Government, Revenue Department, dated 5th March 1863, No. 474, referred to Departments concerned for report, I have the honor to forward an original letter from the Commissary General, intimating that he is willing to give up the whole of the Wood-yard for the erection of a Stamp Office, provided that an open Shed is built in the centre of the Granary to store away the articles now kept in the Wood-yard, provided this latter is not required by the Ordnance Department.

The area of the whole block of Buildings, together with the enclosed Yard, is about 53,872 superficial feet.

From the Commissary General, Madras, 25th March 1863, No. 9136; to the Barrack Master, Presidency.

In reference to correspondence as per margin, I have the honor to state that, in the event of the Wood-yard not being required by the Ordnance Department, I am willing to give up the whole of it for the erection of a Stamp Office, provided that an open Shed is built in the centre of the Granary to store away the articles now kept in the Wood-yard.

2. Such a Shed might be built at a moderate cost if the Wood, Tiles, &c., in the old Buildings now standing in the Wood-yard, were made use of.

3. I should probably also require to hire (for this year only) Godowns to store some Malt Liquor, as the supply thereof for the whole year for the Stations marginally noted, will arrive at the same time, and cover for it must be provided, and the accommodation I shall have at my disposal after giving up the Wood-yard, will be wholly insufficient for the purpose.

4. Should the area of the Wood-yard be less than the space required for the Stamp Office, I regret to say that I have no other available spot to offer.

ORDER, No. 1081, 1st April 1863.

Ordered that the foregoing letter from the Barrack Master be communicated to the Revenue Department.
