Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
29th April 1863.*

6. The Government are much in favor of reducing the number of Gumasthas. I have attended to their wishes in this respect, as far as I think is practicable. I have allowed none for stations. For the divisions I have provided only what number is absolutely necessary, with reference to the extent of manufacture and sales, as their services are required not only to keep and prepare accounts regarding the transaction of Salt, but also to attend occasionally when Salt is stored and sold. The Gumasthas or Clerks are also frequently employed on various duties connected with manufacture, &c., when they can be spared from their own proper duties. I have, however, as desired by Government, increased the number of Amins or Assistant Superintendents, and provided such number of Gumasthas or Clerks as are necessary. The services of these Amins will of course be available for purposes of accounts, &c., when no manufacture is going on at the stations, or when not otherwise employed.

7. In paragraph 23 Government observe, that they see no necessity for Shroffs except at Madras, and perhaps at a few large stations in the Provinces. But I fear much inconvenience would arise if there was not a person whose special duty is to receive and pay out money in payment of Salt sold, and in disbursement of the Coolivaram to the manufacturers. But I have after communication with Mr. Sim, not allowed them where the annual sales are below 20,000 Indian Maunds, and where the sales exceed that quantity, and are below one lac, I have provided a Shroff on 10 Rupees, and where the sales exceed a lac the Shroff will have 15 Rupees. In all the Salt divisions and stations Salt is sold in retail, and money is frequently received, and payments are made on account of Coolivaram, and without a Shroff the business cannot, I think, be properly carried on.

8. I am, on re-consideration and in reference to the remarks of Government in paragraph 27, and on the representation of the Collector of Nellore and others, disposed to raise the pay of the Measurers to 6 Rupees, and place them in this respect on the same footing as the Peons, I have accordingly provided this rate in the revised scheme.

9. In paragraph 29, Government remark that I have not allowed a sufficient number of Vettians for the stations. In allotting Vettians I was in a great measure guided by the advice of the Collectors and the local Officers. But I have now increased the number at some of the stations with reference to the extent of manufacture, and have provided one or two of that class for divisions also, dispensing with the services of Sweepers agreeably to the wishes expressed by Government in paragraph 30; and the number of Peons has been decreased. The Vettians in the divisions can be employed on various works, and will be useful for sweeping Cutcherry and platforms; and at times their services can be availed of even for measuring Salt. The Peons will perform such duties as may be allotted to them, none have now been allowed for the stations; and at Homes' Gardens (specially alluded to by Government, paragraph 21,) the number has been reduced to six; when the out-stations were placed under the Superintendent of this depot, the number of ten Peons was necessary to accompany the boats with Salt, but now that those stations have been made divisions, the reduction at Homes' Gardens is feasible and proper.

10. In reference to paragraph 33 of the Order, I beg to state that I have changed the designations of Amins and Gumasthas into Assistant Superintendents and Clerks. The Vettians are classed separately, as their pay is different from that of the Peons. Some Collectors have objected to the use of the term Vettians. In point of fact they are a lower grade of Peons selected probably from a lower class of people. There is therefore no necessity to change the designation of Vettians, but if the Collectors please, the local designation can be used in the Districts. I would, however, beg to retain the designation of Shroffs as it is, instead of calling them Cashiers. The present designation is well suited to the nature of the work required of them, and this term has been used in all the Establishments which have come under my revision.

11. The scheme has been carefully revised, keeping in mind the views of Government on several points; and I now beg to submit a Tabular Statement in the prescribed form showing

*Proceedings of the Madras Government, Revenue Department,
29th April 1863.*

in detail the present and proposed Establishments for the sanction of the Government of India, and another Statement in a more concise form. The cost of the present Establishment is Rupees 1,18,792½ per annum, and including the temporary Establishment amounting to Rupees 25,217, the total annual cost is Rupees 1,44,009½. The cost of the proposed Establishment is Rupees 1,67,863 per annum, involving an increase of Rupees 23,858½ over the present expenditure. The cost as originally proposed by me amounted to Rupees 1,73,638, but this has been reduced to Rupees 1,67,863 in the present revision. This saving has been effected chiefly by forming several stations into divisions.

No. 278.

ORDER THEREON, 29th April 1863, No. 742.

Ordered that the Establishment as now finally revised be laid before the Supreme Government for sanction from the 1st May 1863, provision for the same having already been made in the Budget of 1863-64.

(Signed) J. D. SIM,

Secretary to Government.

Ordered that the following letter be despatched.

No. 279. From J. D. SIM, Esq., Secretary to the Government of Fort Saint George, to the Secretary to the Government of India, dated 29th April 1863, No. 743:—

SIR,

1. I am directed to submit for the favorable consideration of the Right Honorable the Governor General in Council the result of the revision of the Salt Establishments of this Presidency which, as reported in Mr. Bourdillon's letter dated 14th September 1860, No. 1,596, was entrusted to the senior Member of the Board of Revenue, the Honorable C. Pelly.

2. The urgent necessity for this revision has been admitted for years past. In no Department is the Government more dependent on the honesty and zeal of its servants, and in none are the facilities for fraud greater, yet in none is the remuneration afforded less adequate as a rule to the trust reposed and the service expected. As the natural result of this it has always been difficult to induce men of respectability to enter or continue in the Department, and there can be no doubt that the interests of Government have materially suffered in consequence. The first step in the way of reform was taken in 1859, when a well paid and carefully selected Deputy Collector was placed in special and exclusive charge of the Salt Revenue in each District. But it is obvious that with places of manufacture and sale scattered over a long extent of coast, a single officer, however active, zealous, and trustworthy, cannot effectually repress illicit practices. It is no less essential to have at each station officers on whom dependence can be placed, and to give to all employed in the Department a fair wage for honest labor, so that at least the inducement which insufficient remuneration holds out to dishonesty may be removed, and the employment of respectable men may be ensured. In the Districts of Ganjam and Vizagapatam the pay of the Station Superintendents was some time ago raised, but the general re-organization of the Department was left to Mr. Pelly.

NOTE.—The Davarampadi station in Nellore where 40,000 Indian Maunds were sold in 1861-62 is in charge of an Overseer on 6 Rupees per mensem; and 101, 15, 20 and 30 Rupees per mensem are quite common rates of pay for men having the custody of Salt worth 50 and 60,000 Rupees.

3. But not only is the scale of salaries in the Department inadequate, but other anomalies exist requiring reformation. The Establishments vary in respect of strength and pay without

*Proceedings of the Madras Government, Revenue Department,
29th April 1863.*

apparent reason; a number of unnecessary stations are maintained; the preventive arrangements are ineffective and so forth.

4. The scheme of revision now submitted for the orders of the Supreme Government is complete in all respects.

5. The number of stations has been carefully considered with reference to the wants of the people, and has been reduced from 95 to 83. Any further reduction would at present be inexpedient, for as Salt is a necessary of life, the people will supply themselves illicitly, if by closing depôts they are deprived of the means of honestly procuring it within reasonable distances of their homes. A few new stations have been opened on this account where the existing stations are manifestly too far apart, but the general result is that the number of stations has been reduced as above stated from 95 to 83. These stations have been grouped into convenient divisions, sufficiently compact generally for effective supervision and management. The number of these divisions is 64. Over each division a Superintendent is placed, his pay being regulated with reference to the stock and sales of his division, the degree of confidence necessarily placed in him, &c. The stations have each a moderately paid Ameen in immediate charge of the manufacture, with a small number of subordinates to aid him in his duties.

6. The preventive service is entrusted entirely to the new Police, and the Peons have been reduced in consequence to the smallest number compatible with efficiency.

7. As regards every class of servants the proposed establishment has been framed on the most economical scale as regards both numbers and salaries.

8. The result of the revision is an increase of expense, but this is not surprising when the salaries now paid in the Department and the increased cost of the necessaries of life are taken into consideration. The present establishments cost Rupees 1,41,000. The revised collecting establishment will cost Rupees 1,67,863, in addition to which the preventive service will cost Rupees 1,31,752. Thus the total cost of the new establishment will be Rupees 2,99,650 or Rupees 1,55,640 more than the present charge. The existing establishment however is notoriously insufficient, and there can be no doubt that malpractices exist to a great extent, and that Government lose considerably more than they gain by keeping the Department in a state of undeniable and self-evident inefficiency, leaving out of consideration the demoralization of the people and their own servants by the facility, not to say, inducement which such a state of things affords to smuggling and venality. No better proof of the insufficiency of the present establishments could be desired than the simple fact that the revised preventive force, which has been carefully allotted by the Inspector General of Police after consultation with his own officers and the Collectors, alone costs nearly as much as the entire Establishment for collecting the Revenue and guarding the Salt now costs. There can be little doubt but that the prevention of smuggling which can now be really effected will itself bring in as much as the new establishment will cost over the old one, or ensure the collection of duty on the 10,000 Maunds in each District which the increase represents.

9. Taking the Salt Revenue at the very moderate amount of 85 lacs of Rupees, and adding to the Establishments now submitted the average cost of ten Deputy Collectors employed in the Department, the total charge for collecting the Salt Revenue including the entire preventive service (viz., Rupees 3,56,770), will be a trifle over 4 per cent., and this certainly is moderate when it is considered that the Salt works are spread over so great an extent of sea coast, and that the article is a necessary of life and taxed at the rate 1,200 per cent. on its cost.

*Proceedings of the Madras Government, Revenue Department, 5
29th April 1863.*

Inspector General.....	Rs. 32,000
Division Establishment.....	1,71,588
Guards.....	1,33,734
	3,05,322
	2,99,650
	5,672

The provision made for the new establishment in the Budget of 1863-64 amounts to Rupees 3,37,322, as shown in the margin. The first item may be dispensed with, and for the others Rupees 2,99,650 may be substituted. The provision for the manufacture, &c., of Salt may be reduced by 2½ lacs, as owing to the good out-turn of the current season it will not be necessary to provide so large a stock as was originally contemplated. The revised Budget will then stand as follows:—

	Original Budget Estimate of 1863-64.	Do. as now revised by the Local Government.
	Rs.	Rs.
Inspector General...	32,000	32,000
Deputy Collectors..	46,800	46,800
Establishment of do.	10,320	10,320
Clerks from Rupees 50 to 300	42,000	42,000
Do. below Rupees 50	70,200	70,200
Servants...	59,388	59,388
Preventive Guards ..	1,33,734	1,31,752
Contingencies	15,471	15,471
Temporary Establishment	5,500	3,500
Purchase of Salt and Manufacturer's share	11,39,950	9,75,000
Manufacturing contingencies...	22,518	22,518
Cost of export	53,600	53,600
Do. of transport	60,300	60,300
Destroying swamp Salt	6,725	6,725
Conveying and storing Salt	96,200	96,200
Salt compensation	22,291	22,291
Purchase and repairs of weighing machines	26,400	26,400
Other items	8,100	8,100
Travelling allowance of Officers	7,500	7,500
Do. of Establishment	3,621	3,621
Office or Godown rent	262	262
Charges for delivering Salt to the French Government (vide B II)	3,500	3,500
Total.....	18,73,683	15,86,061

I am directed to request the permission of the Government of India for the introduction of the revised Establishment from the 1st May 1863.

Good office order

Govt of India - 2 April
No. 871.

From,

The Hon^{ble} C. Pelly
Member of the R. of
Revenue

To,

J. D. S. Esq.
Secretary to Govt.
Revenue

Dated 14th April 1863
Despatch 15th

Enclosure

No. 1495

Submitting with
reference to Pro. of Govt. of India
1863 No. 559, has modified the
salt establishment for the several
the various Presidency with a
statement showing the present
position.

No. 742 - 29th April

With office order

Revenue Department

No. 743.

The Secretary to the
Govt of India -

Sir,

1. I am directed
to submit for the favo-
rable consideration of
Right Honorable the
Governor General in
Council the result of the
revision of the salt esta-
blishments of this Presi-
dency which, as reported
in Board of Revenue's
letter dated 14 Sept.
1860, No. 1596, was submis-
sed to the Senior Member
of the Board of Revenue,
the Honorable C.
Pelly.

2. The urgent ne-
cessity for this revision
has been admitted for
years past.

I am

In no Department is the Government more dependent on the honesty and zeal of its servants, and in none are the facilities for fraud greater, yet in none has the remuneration afforded been as a rule less adequate to the trust reposed and the service expected. As the natural result of this it has always been difficult to induce men of respectability to enter or continue in the Department, and there can be

NOTE.—The Davarampudi station in Nellore where 40,000 Indian Maunds were sold in 1861-62 is in charge of an Overseer on 6 Rupees per mensem; and 10, 15, 20 and 30 Rupees per mensem are quite common rates of pay for men having the custody of Salt worth 50 and 60,000 Rupees.

no doubt that the interests of Government have materially suffered in consequence. The first step in the way of reform was taken in 1859 when a well paid and carefully selected Deputy Collector was placed in special and exclusive charge of the Salt revenue in each District. But it is obvious that with places of manufacture and sale scattered over a long extent of coast, a single Officer, however active, zealous, and trustworthy, cannot effectually repress illicit practices. It is no less essential to have at each station Officers on whom dependence can be placed, and to give to all employed in the Department a fair wage for honest labor, so that at least the inducement which insufficient remuneration holds out to dishonesty may be removed, and the employment of respectable men may be ensured. In the Districts of Ganjam and Vizagapatam the pay of the station Superintendents was some time ago raised, but the general re-organization of the Department was left to Mr. Pelly.

3. But not only was the scale of salaries in the Department inadequate, but other anomalies existed requiring reformation. The establishments varied in respect of strength and pay without apparent reason; a number of unnecessary stations were maintained; the preventive arrangements were ineffective and so forth.

4. The scheme of revision now submitted for the orders of Government is complete in all respects.

5. The number of stations has been carefully considered with reference to the wants of the people, and has been reduced from 95 to 83. Any further reduction would at present be inexpedient, for as Salt is a necessary of life, the people will supply themselves illicitly, if by closing depôts they are deprived of the means of honestly procuring it within reasonable distances of their homes. A few new stations have been opened on this account where the existing stations were manifestly too far apart, but the general result is that the number of stations has been reduced as above stated from 95 to 83. These stations have been grouped into convenient divisions, sufficiently compact generally for effective supervision and management. The number of these divisions is 44. Over each division a Superintendent is placed, his pay being regulated with reference to the stock and sales of his division. The stations have each a moderately paid Ameen in immediate charge of the manufacture, with a small number of subordinates to aid him in his duties.

~~6. The General or Chief Station is placed at the head of each division, and is in charge of the entire division.~~

6. The preventive service is entrusted entirely to the new Police, and the Reons have been reduced in consequence to the smallest number compatible with efficiency.

the degree of confidence necessarily placed in him &c

7/15 -
7. As regards every class of servants the proposed establishment has been framed on the most economical scale as regards both numbers and salaries.
8. The result of the revision is an increase of expense, but this is not surprising when the salaries now paid in the department and the increased cost of the necessities of life are taken into consideration. The present establishments cost Rupees 1,44,000. The revised collecting establishment will cost Rupees 1,67,868, in addition to which the preventive service will cost Rs 1,38,724. Thus the total cost of the new establishment will be Rs 3,06,592 or Rs 1,55,640 more than the

the present charge. The existing establishment however is notoriously insufficient, and there can be no doubt that malpractices exist to a great extent, and that ~~lost~~ ^{lost} ~~lose~~ ^{lose} considerably more than they gain by keeping the Department in a state of undeniable and self-evident inefficiency, leaving out of consideration the demoralisation of the people and their own servants by the facility, not to say, inducement which such a state of things affords to smuggling and venality. No better proof of the insufficiency of the present establishments could be desired than the simple fact that the revised preventive force, which has been ^{carefully}

74
carefully allotted by the Inspector General of Police after consultation with his own officers and the collectors, alone costs ^{really as much as} ~~more than~~ the entire establishment for collecting the revenue and guarding the salt now costs. There can be little doubt but that the prevention of smuggling which can now be really effected will itself bring in as much as the new establishment will cost over the old one, or ensure the collection of duty on the 10,000 Maunds in each District which the increase represents.

9. Taking the Salt Revenue at the very moderate amount of 185 Laes of Rupees, and adding to the established amounts now submitted

the average cost of 10 Deputy Collectors employed in the Department, the total charge for collecting the salt R. B. - the receipts of 1862/63 will probably be 91 lacs - Revenue including the entire Executive Service (vizt Rs 35,67,271) will be a trifle over 4 per cent, and this certainly is moderate when it is considered that the salt works are spread over so great an extent of sea coast, and that the article is a necessary of life and taxes at the rate of 1200 percent on its cost.

10. The provision made for the new establishment in the Budget of 1863 amounts to Rs 3,37,322, as shown in the margin - The first item may be directed with, and for the others -

Rs.
 Inspector General - 32,000
 Division Establishment 1,14,588
 Guards - 1,33,734
 3,05,322
 299,650
 5,572

A

| | Original Budget Estimate 1863/64 | Revised Estimate by the Local Government |
|---|----------------------------------|--|
| Inspector General | 32,000 | 4 |
| Deputy Collectors | 4,6800 | 4,6800 |
| Establishment of Do | 10,320 | 10,320 |
| Clerks from Rs 50 to 300 | 42,000 | 167,060 |
| Do below Rs 50 | 70,200 | |
| Peonants | 59,388 | 1,782 |
| Preventive Guards | 1,33,734 | 1,33,734 |
| Contingencies | 15,471 | 15,471 |
| Pensionary Establishment | 5,500 | 5,500 |
| Purchase of salt and Manufacturer's share | 11,39,950 | 9,75,000 |
| Manufacturing Contingencies | 29,578 | |
| Cost of Export | 53,600 | |
| Do of Transport | 60,300 | |
| Destroying Swamps salt | 6,725 | 2,24,437 |
| Conveying and Storing salt | 96,200 | |
| Salt Compensation | 22,294 | |
| Purchase and repairs of Weighing Machines | 26,400 | |
| Other items | 8,400 | |
| Travelling allowance of Officers | 7,500 | |
| Do of Establishment | 6,621 | 7,121 |
| Office or Godown rent | 262 | 262 |
| Charges for delivering salt to the Bengal Govt (v. B. II) | 3,500 | 3,500 |
| Total | 18,73,683 | 15,82,067 |

299650 ~~291592~~ ~~291592~~ may be
 substituted. The provi-
 sion of ~~Pat. 11,516.08~~ for
 the manufacture ~~of~~ of
 salt may be reduced by
 $2\frac{1}{2}$ lacs, as owing to the
 good out-turn of the cur-
 rent season it will not
 be necessary to provide
 so large a stock as was
 originally contemplated.
 The revised Budget will
 then stand as follows.

A

I am directed
 to request the permission
