No. 157. Read the following Proceedings of the Madras Government in the Public Works Department, dated 8th January 1863, No. 41 :—

Read the following letter from Lieutenant-Colonel S. O. E. LUDLOW, R. E., Acting Consulting Engineer for Irrigation and Canal Company, to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Department of Public Works, dated 16th December 1862, No. 102.

SIR,

I have the honor to state, that plans and estimates for the 3rd portion of the Main Canal have been received, with the exception of those for the masonry works, which the Chief Engineer states will follow soon. On the receipt of these, and as soon as the whole have undergone the necessary examination in this Office, they will be submitted to Government in due course, but in the meantime I beg to point out, that parts of the above portion of the line pass through the Cuddapah District, and it being necessary to arrange for the services of an Officer to settle the price of the land required in that District, I request to be favored with the orders of Government on the subject.

Referred to the Revenue Department where orders will be issued for the appointment of a Deputy Collector for the duty referred to by Colonel Ludlow, as in the case of land* required by the Irrigation Company in Kurnool.

* 2nd June 1860, No. 910, Revenue Department.
