*Proceedings of the Madras Government, Revenue Department,
21st May 1863.*

No. 257. Read the following letter from A. D. ROBERTSON, Esq., Secretary to the Government of Bombay, (Revenue Department), to J. D. SIM, Esq., Secretary to the Government of Madras, dated Bombay Castle, 11th May 1863, No. 1,492 :—

SIR,

1. In reply to your letter No. 335, dated the 14th February last, I am directed to forward herewith two Woodcuts, which Dr. Forbes has obtained from Mr. Fleming, Engineer to the Manchester Cotton Company, and which, he trusts, will serve the purpose required. One of these represents the Churka as adapted for hand labor, and the other the same article fitted for driving gear.

2. In submitting these, Dr. Forbes states that he is unable to furnish sectional working drawings of the new Cotton Churka, as the machinery is elaborate, and that he has no Draughtsman capable of making such drawings.

3. I am at the same time to add that Dr. Forbes further states that he is informed by the Manager of the Manchester Cotton Company that the price of each of the improved Churkas is ten Pounds sterling in England, and thirteen Pounds sterling if delivered in India.

Ordered that the following letter be despatched.

No. 258. From J. D. SIM, Esq., Secretary to the Government of Fort Saint George, to the Secretary to the Government of Bombay, dated 21st May 1863, No. 883 :—

SIR,

1. I am directed to acknowledge the receipt of your letter No. 1,492, dated 11th instant, and to enquire whether the drawings which accompanied it represent the improved Churka mentioned in paragraphs 61 to 67 of Dr. Forbes' Report on the Dharwar Factory, and for seven of which application has been made to you in my letters of the 25th February and 19th March last, Nos. 401 and 549.

2. I am also directed to enquire whether these Churkas are made at the Government Factories or imported from England. In the latter case those hereafter required for use in this Presidency could be procured through the local Agent of the Manchester Cotton Association. It would be a great convenience if you could inform me when the Saw Gin and seven Churkas already applied for are likely to be sent, as it is an object to ascertain as soon as possible whether they will be approved by growers of Cotton in this Presidency.

3. I am also to enquire whether Dr. Forbes could supply any of the new Saw Gins for the American Cotton now being grown in the Bellary District, and if so, within what period and at what price.
