With reference to the Proceedings of the Madras Government dated the 2nd instant, No. 1,435, Revenue Department, a spare copy of which is enclosed, I have the honor to request that you will be good enough to furnish me, at your earliest convenience, with a Memorandum showing the amount available for transfer from the Police to the Revenue Budget in the Districts in which the new Police may not have been introduced.

2. In preparing the Memorandum now called for, you will be good enough to make due allowance for meeting the charges of existing Talook establishments until the Districts are taken charge of by the new Police, as the sanction of the Government of India will have to be obtained for the transfer of funds from the Police to the Revenue Budget Estimates. That the Memorandum may be as correct as possible, I would suggest your putting yourself in communication with the Board of Revenue on the subject.

Proceedings of the Madras Government

Under date the 15th January 1863

Read the following

Proceedings of the Board of

Revenue.

Informing Government of the amount which should be transferred from the Police to the Revenue Budget on account of the old Establishments which are still maintained in certain Districts where the new Police has not yet been introduced. (Here enter 1st December 1862 No. 7859)

Submitting copy of a letter from the Inspector General of Police stating that the cost of the old Establishment of the several Districts not yet replaced by the new Police is debitable against the Police Budget (Here enter 8th December 1862)

In the first of the papers above recorded the Board of Revenue report agreeably to the order of Govt dated 2d July 1862, No. 1435 that Rs. 38,861 should be transferred from the Police

Police to the Revenue Budget for 1862/63 to meet the charges connected with the joint Revenue and Police establishments of the Talugs which have not yet been taken charge of by the new Police and for which the provision made in the Revenue Budget with reference to the revised Revenue establishments exclusively is not sufficient and with the second they submit a letter from the Inspector General of Police stating that savings are available to meet the proposed transfer.

2. Before however submitting an application to the Government of India for authority to make the transfer which the Acting Accountant General

General states in his letter to the Inspector General of Police dated 7th July 1862, No 1462 is necessary the Government resolve to ascertain from that Officer whether any of the large saving which according to the statement recently submitted by him is likely to occur under "Land Revenue" is not sufficient to cover the extra sum required under that head for the joint Revenue and Police establishments and will not obviate the necessity of the proposed application to the Government of India.

3 As already pointed out in para 3 of the order of Govt dated 30th December 1862 No 2698, of the total assignment of Rs 49,96,000 for Land

Land Revenue, Sayer and Abkary only Rs. 22,46,829 have been spent in the first half leaving Rs. 2,49,171 for the second half. The Govt are of opinion that as shewn in the margin the sums of Rs. 39,500 struck out of the Supplemental Budget and Rs. 38,860 proposed to be taken from the Police Budget can be taken from the savings, still leaving a sufficient margin for charges which may remain to be hereafter adjusted.

Total assignment Rs.		14,96,000
Probable expenditure (22,46,829 × 2)		14,93,000
Probable saving		3,000
Sum struck out of the supplemental Budget	39,500	
Do not required	38,860	78,300
Balance		1,71,700
