Sir,

1. Plan

I have the honor to forward the Plan
of the ground proposed to be sold in Building
allotments for a New Bazar in the Town of
Archimedes.

2. The size of the lots varies from 20 to 30
feet frontage but they are all 30 feet deep and the
dimensions have been fixed a little in excess of
the space of ground covered by Bazar previously
built by the Suddutank & which
may therefore be assumed as sufficient for
their ordinary wants.

3. The total number of lots is 232;
it is difficult to form any accurate estimate
of the amount they are likely to fetch when
sold by auction, but from what I can gather
I appear certain that there will be a brisk
competition
