Proceedings of the Madras Government, Public Works Department, 23rd May 1864.

No. 538. Read the following letter from Lieutenant-Colonel E. HEMERY, R. E. Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Cuddapah, 16th May 1864. No. 10 :—

SIR,

1. In Order No. 2,595, dated 9th September 1863, Government directed that the Estimates for new Táluq, Cutcherries at Kalkadda and Pullampett in the Cuddapah District should be entered in the Budget of 1864-65.

2. These Estimates were, however, entered in the Supplemental Budget, and in your Memorandum No. 46, dated 10th instant, you state that except for Military buildings no allotments have been made under other heads in the Supplemental List; under these circumstances I have the honor to solicit a grant of Rupees 14,600 from the Reserve Fund for these buildings, the emergent necessity for which was fully explained in my letter No. 103, dated 6th August 1863.

3. In the Kalkadda Táluq, the Moonsiff's Court has been converted, as a temporary measure, into a Tahsildar's Cutcherry, whilst the Moonsiff transacts business in a corner of an adjoining Pagoda; in the Pullampett Táluq, an old mud building is used as a Treasury, and at the other end of the village of Pullampett, a thatched building has been run up for the Tahsildar and his Gumashtas.

No. 539. ORDER THEREON, 23rd May 1864, No. 1,508.

As even at this early part of the year 1864-65, nearly Rupees 2¼ lacs of the "Reserve" have been appropriated, and it will be necessary to provide from the same source a large sum for incomplete works, reference will be made to the Revenue Department, to ascertain whether the necessity for the proposed Táluq Cutcherries at Kalkadda and Pullampett is sufficiently urgent to warrant the grant of funds for their erection during the present year.
