Write reference to this Annx: dated 9th May 1864, the undersigned has the honor to state that from the reply received from the Collector of Kurnool, it appears that at the time of submitting his statement on 13th March 1861, there had been 32 summers, and that nonc have been since entertained. On referring to the Statement, it is found that 29 summers and 3 Delivery Rents are entered in the body of it, but not in the Abstract appended to it, from which alone the Tabular Statement submitted

submitted to the Government by the undersigned was prepared. It is thus evident that the mistake in the Collector's Abstract Statement, which alone shews the number and rate of Pay distinctly has led to the discrepancy noticed by the Secretary to Government.

ENCLOSURE No. 2.

Civil Petition, No. 86 *of* 1864.

TO THE HONORABLE JUDGES OF THE HIGH COURT, Madras.

Petition presented by Nagien, Appellant in Special Appeal No. 460 of 1863, under provisions of Section 376, Act VIII of 1859.

1. The act of not settling the matter in conformity with the Revenue Circular order mentioned in my pleadings, is opposed to Sections 138, 145, and 351 of Act No. VIII of 1859, to the Proceedings of the Court of Sudder Udalut, dated 29th March 1860, and to the 22nd page of the Sudder Court's Decree of 1858

2. I beg to submit herewith the attested copy of the said Circular order subsequently obtained as an evidence in regard to the said relinquishment, and the Cirkar Puttah of the said village standing in my name, to establish the rights which I possess under its stipulations, and the Cirkar receipt granted to me for having paid the disputed land's Teerwah.

3. The documents A and B have been executed under the provisions of the Cirkar's orders, and the document No. 2 has been contrarily executed.

4. It is mentioned in the 15th paragraph of the said Circular order, that if there be many applicants, it (the land) should be left to the cultivator of the same village, instead of giving it to the other villager; the documents Nos. 2 and 3 are therefore invalid.

5. By reason of the Defendants having unobjectionably admitted the rights which I possess under paragraphs 15 and 16 of the said Circular order, the raising of objection by the Court is in contravention to the pages 127 of the Sudder Court's Decree of the year 1853, 125 of the said Court's Decree of 1851, and to 89 of the Decree of the aforesaid Court of the year 1852.

6. As it is proved in the said Circular order for the payment of the Cirkar's Teerwah only, and as the Collector is not authorized to reverse the decision that may be passed by the Tahsildar in this matter, the facts observed in the 13th paragraph of the Original Decree, and in the appeal decision, constitute an offence mentioned in Sections 76, 79, 192, 199 and 200 of the Indian Penal Code.

7. The said Circular order alone being the chief rule in regard to the application for the land in dispute, I pray the Court will be pleased to re-consider the decision and render justice by correcting the said errors and defects.

19th April 1864. (Signed) NAGIEN.

Ordered to be submitted for the information of Government, in continuation of the Board's Proceedings No. 1,805, dated 23rd March 1864, and that copy be communicated to the Collector of Salem.

MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

From the Adjutant General, 22nd April 1864, No. 287. } *Recorded in Proceedings 29th April 1864.* } Read again the paper noted in the margin.

Read also the following papers :—

From the Adjutant General, Fort Saint George, 23rd April 1864, No. 291; to the Secretary to Government, Military Department.

With reference to the Proceedings of Government and Order thereon, dated 16th September 1863, No. 2964,* I have the honor, by order of the Commander-in-Chief, to state for the information of Government that the Inspector General of Ordnance and Magazines has requested to be informed whether Store Serjeant W. Smither may now be struck off the strength of the Ordnance Department and permanent promotion made in his room.

* *Directing that Store Serjeant Smither be borne on the Returns of the Ordnance Department until the decision of the Commissioners of Chelsea Hospital is notified, &c.*

2. In paragraph 2 of the Order of Government above referred to, Serjeant Smither is directed to be borne on the Returns of the Ordnance Department until the decision of the Commissioners of Chelsea Hospital is notified, &c.

3. In submitting to Government the reference recorded in the Proceedings alluded to, it was overlooked that the Home Authorities do not communicate to this Government the decision of the Chelsea Board with regard to men who proceed to England for discharge with Pension, there is therefore no possibility of ascertaining the decision passed in the case of Serjeant Smither. I am accordingly to solicit the orders of Government on the subject.

From the Officiating Secretary to the Government of India, Military Department, Fort William, 30th April 1864, No. 975; to the Secretary to Government, Military Department, Fort Saint George.

With reference to your letter, No. 2965, dated 16th September 1863, requesting information as to whether the claims of Staff Serjeants of Departments to be transferred to the Pension Establishment should be referred to the Commissioners of Chelsea Hospital, or like those of Warrant Officers be disposed of by the Local Governments, I am directed to acquaint you, for the information of His Excellency the Governor in Council, that all claims to Pension of men who have elected for General Service must be referred to the Commissioners of Chelsea Hospital, the Local Government intimating to the Secretary of State the rate of Pension to which they are entitled: but the Government of India considers that Non-Commissioned Officers and Soldiers on the Unattached List, who take their discharge with Pension, should not continue to be borne on the Rolls of their Department, but be at once struck off its strength and allowed to draw their Pension; promotions being made in their room from the same date.

ORDER, No. 1855, 31*st May* 1864.

Ordered that the foregoing letter from the Government of India, be communicated to the Commander-in-Chief and Departments, with reference to Proceedings 16th September 1863, No. 2964.

2. Store Serjeant Smither will now be struck off the strength of the Ordnance Department, and the promotion in his room made permanent. In future, in accordance with the decision of the Government of India, Non-Commissioned Officers and Soldiers on the Unattached List, who take their discharge with Pension, are not to continue to be borne on the Rolls of their Department, but be at once struck off its strength and allowed to draw their Pension, promotions being made in their room from the same date.

3. When the claims to Pension of Staff Serjeants of Departments, being men who have elected for General Service, are referred to the Commissioners of Chelsea Hospital, the Controller of Military Accounts will inform Government of the rate of Pension to which they are entitled, with a view to the same being intimated to the Secretary of State.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 31st May 1864.

Read the following letter from the Collector of Tinnevelly, dated 20th May 1864, No. 197 :—

1. I have the honor to acknowledge copy of the Proceedings of the Madras Government, Revenue Department, dated 12th May 1864, communicated to me by the Board on the 14th idem, with copy of the letter addressed to the Government of Ceylon under date the 2nd instant, No. 760.

2. I request the favor of the Government being pleased to communicate the reply of the Colonial Secretary to me when received, as I should be glad to know what information he gives on the points referred to.

3. In the meantime, from recent inquiries made by me, I am able to state that there is no such thing as a Government Chank Fishery in Ceylon. Further, that the idea of the Chank Mussel preying on the Pearl oyster is one I never heard of before, nor do I understand how it possibly could be. I observed in the newspapers, on the occasion of the late failure of the Pearl banks off Ceylon this year, that it was supposed the skate which grows to an enormous size, devoured the oysters, but I never heard of the Chank Mussel eating them.

4. Ever since a Chank Fishery has been carried on on this coast, a stipulation has always been carefully entered in the renter's lease that the Chank boats are not to approach within a limited distance of any Pearl oyster bank, and Mr. Barter who has at present a monopoly of the Fishery, having engaged the Tuticorin divers to work for him alone, is also bound not to allow any of his boats to approach within a mile of a Pearl bank. The reason of this is, that the divers descending on the Pearl bank with their heavy diving stones, crush the oysters, which die and putrify, and thus destroy the oysters on the bank. Besides this, very few chanks are found on the Pearl oyster banks. The Chank does not lay on the coral reef which forms the Pearl oyster bank, but on sand. In proof of this I may mention that during the two last Pearl Fisheries in 1861 and 1862, only 200 Chanks were brought on shore the first fishing, and 175 Chanks the second.

5. As regards the rate at which Mr. Barter states the Ceylon Government have offered him privileges to keep the Ceylon Pearl Banks free of Chanks, I would beg to notice a circumstance which materially affects the features of the case, and that is, there are no divers in Ceylon. The Ceylon authorities are dependant on divers from the coast of India for their Pearl Fisheries; thus any party engaging in a Chank Fishery there would have to transport divers to Ceylon and maintain them there, thus very greatly enhancing the outlay of the speculator.

6. I request the Board will be pleased to lay this letter before the Government.

---

1. Submitted for the information of Government.

2. The Board are not aware when the idea of the Chank Mussel destroying the Pearl Oyster originated. They never heard of it before the receipt of the Government order, and have no reason to suppose that it is well founded.

2. I have considered it advisable to adopt this course, as the Superintendent Gun Carriage Manufactory is personally responsible for the character and description of the Timber used in the construction of Gun Carriages, and for maintaining a sufficient reserve of seasoned material. He should therefore have every means afforded him for satisfactorily meeting his responsibilities.

In reply to Mr. Dalyell's Official Memorandum of the 9th instant, No. 366, I have the honor to report that the pay of the Extra Establishment of the Kulhutty Bungalow entered in Enclosure No. 4 of my letter No. 33, dated 1st March 1864, as remaining unpassed, is not for one continuous period from 1st October 1861 to 30th April 1864. It is the amount paid for the period noted in the margin, and has since been passed by the Controller and Auditor of Public Works Accounts included in the Bills Nos 1 and 2, forwarded to the Board with my letter of the 6th January 1864, No. 4. As reported in my predecessor's letter of the 30th April 1862, No. 101, the services of the above establishment were dispensed with from 1st May 1862, the receipts of the fees not being sufficient to meet the charges. SIR,

1. It has been pointed out to me with reference to the new Rules for monthly submission of Local Fund Bills that some modification in the form of Bill for works over Rupees 2,000 will be required.

2. Under the former Rules all works over 2,000 Rupees had to be inspected and measured prior to the submission of the accounts, this it will be impossible to do monthly. Either therefore the form of Bill for large works must be altered or else they must be submitted quarterly as usual.

The attention of the Superintending Engineer, 7th Division, will be requested to the orders in the Revenue Department communicated in Public Works Proceedings No. 1,808, dated 22nd June 1864.
