Proceedings of the Madras Government, Revenue Department,
2nd July 1864.

No. 41. Read the following letter from F. LUSHINGTON, Esq., Accountant General, to J. D. SIM, Esq., Secretary to Government, Revenue Department, dated Fort Saint George, 14th June 1864, No. 50 :—

SIR,

I have the honor with reference to the Order of Government, Revenue Department (Miscellaneous) No. 974, dated 8th instant, to state that the expenses of a Treasury at Gudalur, if established on the scale proposed by the Collector of Malabar in his letter to Government No. 67 of 19th March last, would be fully met even by a charge of 1½ per cent. premium on Bills drawn on that Treasury, provided that the amount specified by Mr. Ballard is always fully taken up in Bills, and that the cost of conveying the remittances from Ernad and Calicut will not be greater than that named, of which however I have no means of judging.

No. 42. ORDER THEREON, 2nd July 1864, No. 1,141.

Miscellaneous.

Under the circumstances stated by the Accountant General, the Government are unable to entertain the Collector's proposal.

This is the safest
course, I think.

I almost think that the
Accounts Gen is in the right -
a Treasury is proper use, with
Part of the Salaries, even, is a
dead precedent to that

I have the honor
under the orders of His
Excellency the Governor
in Council to submit for
the orders of the Govt. of
India the papers noted
in the margin relating
to the proposal to establish
a Treasury at Cuddalore
in Vizagapatam —

2 The Collector of Madura
reports that the Revenue

Treasury should be establish-
ed at the place selected,
or they experience consider-
able difficulty, expence &
trouble in carrying sums
of money for the purposes of
their Estates from a distance
through so wild a part of
the country. The premium
to be charged on the bills
to cover the cost of the
establishment. But the
Accountant General objects
to the measure on the ground
that "the Govt of India are
directing the reduction of the
number of Treasuries, and
a greater concentration of the
cash balances in the General
Treasury" and that "of the
principle of establishing Treasur
ies for the benefit and con-
venience of Individuals or

It is impossible to say how many
additional Treasuries would
be required in various parts
of India"

3 I am to add that they are
in favor of the proposal con-
sidering the peculiar character
of the Hyderabad country and
the ~~Convenience~~ convenience which
would be afforded to the
Merchants and Bankers
without expence to the
State.
