Proceedings of the Madras Government, Revenue Department,
***8th July* 1864.**

No. 142. Read the following Proceedings of the Board of Revenue, dated 16th June 1864, No. 3,678.

Read the following letter from the Collector of Coimbatore, dated Ootacamund, 8th June 1864, No. 123:—

I have received Proceedings of Government, Revenue Department, and their Order thereon, dated 2nd June 1864, No. 939, and beg to suggest with regard to future supplies of tea seed, that they be sent to Mr. McIvor and distributed on sale. The raising of tea seed requires both care and a special knowledge of the manner in which it is to be carried out, which latter quality the general public do not seem to possess, if one is to judge of them by the results, as of all the tea seed distributed, five per cent. have not, I fear, germinated, whereas under Mr. McIvor's management the greater part of the seed sent to him has germinated.

1. Submitted for the consideration of Government.

2. Under the circumstances stated by Mr. Grant, the Board are disposed to think that it would be advisable for Mr. McIvor to use the whole of the seed, or as much as he has time and space to employ in raising seedlings for sale. The Government are aware that the seed very generally failed to germinate, but possibly more skilful and careful management might have produced a very different result.

3. There would probably be far less risk and difficulty in rearing seedlings, after they are well raised.

No. 143. ORDER THEREON, 8th July 1864, No. 1,188.

Ordered to be recorded.
