Proceedings of the Madras Government, Revenue Department, 8th July 1864.

No. 154. Read the following Proceedings of the Board of Revenue, dated 21st June 1864, No. 3,801.

Read the following Proceedings of the Madras Government, dated 4th May 1864, No. 772, Revenue Department:—

ABSTRACT.—Reviewing the Board's Proceedings regarding the education of Minors, and calling for information on the subject of sending certain Minors to the Presidency for educatio n.

1. Resolved that the above Government Order be communicated to the Collectors of the Districts noted in the margin, and that their particular attention be called to the instructions given by Government in paragraph 5 of the Order.

Ganjam.	Tanjore.
Vizagapatam.	Madura.
Godavery.	Tinnevelly.
Madras.	Coimbatore.
North Arcot.	Malabar.
Salem.	

2. The Collector of Ganjam will be careful to inform the relatives of the Beredy Minor, that the Minor will be removed to Madras unless he makes fair progress at the Onslow Institution; and Mr. Forbes will be so good as to submit the quarterly Reports called for by Government.

3. With reference to paragraph 2 of the Government Order, the Board observe that the Government have apparently taken the balance standing at the credit of the Barwah Estate at the close of Fusly 1271 as the net annual income of the Estate. This balance is however made up of the net income of that year and the balance at credit at the close of the previous year. The collections on behalf of this Estate from all sources may be roughly estimated at about Rupees 14,000 per annum; while the annual charges, including Peshcush, amount to Rupees 10,000, leaving only Rupees 4,000 as annually available to meet any increased expenditure.

4. The annual receipts of the Lakkaveram Estate amount to about Rupees 13,500, and its charges to about Rupees 6,000, leaving an annual surplus of Rupees 7,500. The Royempettah Estate is still considerably in debt, and though there is an annual surplus of about Rupees 9,600 it will in all probability be required for the payment of debts until the close of Fusly 1274.

5. The Court observe with reference to paragraph 4 that previous to the receipt of the Government Order they had arranged with the Collectors of Madura and Tanjore that the Sauptoor Minor's education should be conducted at the Government School at Combaconum; for the Court saw great difficulties in the way of superintending the Minor's education in Madras and of duly controlling him out of school hours. The Minor has already been removed to Combaconum; and Mr. Cadell, who was appointed a guardian to look after him when not attending the school, has been requested to give particular attention himself to the Minor's progress and training. The Court would be unwilling to disturb an arrangement which has only so recently been concluded.

6. Paragraph 6 of the Government Order will be circulated to all Collectors for information and guidance; and the Collectors of Salem and Madras will be requested to give every assistance to the native gentlemen of their Districts who have expressed their willingness to send their children to Madras for education. Should these gentlemen have no relations at Madras, with whom their children could conveniently reside, the Court will be happy to aid them in endeavouring to find suitable and trustworthy persons belonging to the same class of life as themselves and willing to undertake the charge for a moderate remuneration.

No. 155. ORDER THEREON, 8th July 1864, No. 1,194.

For Orders.

The only point requiring decision is that in para 5 - viz whether the Sanction, should come to Madras as asked in para 4 of G.O. 4 ult° - or whether the G.O. recent arrangement for his education at Cuddalore under the care of the Collr of Tanjore should be tried first - I think the latter should be adopted - the Collr to report the result & the Board has been to Cuddalore accordingly
