1. The foregoing Proceedings as well as copies of the reports submitted by Mr. Clarke and the Collector of Vizagapatam, will be communicated to the Superintending Engineer, 1st Division, for information.

2. The Board of Revenue will be requested, in communication with the Collector, to include in the list to be submitted under the Orders* of Government, dated 10th September 1863, No. 1,675, of works proposed for execution in connection with the Salt Department in 1865-66, such lines of road as may be considered to be most urgently needed for the development of the Salt traffic in the Vizagapatam District. In doing so, however, it will be necessary to bear in mind that the requirements of that District as regards other works will also have to be provided for; and as the assignment at the disposal of Government is limited, care should be taken to restrict the proposed outlay on Salt roads during 1865-66 to such a sum only as may be granted without depriving other Districts of their share of the assignment for the year.
