## *Proceedings of the Madras Government, Revenue Department, 27th July* 1864.

No. 439. Read the following Proceedings of the Board of Revenue, dated 1st July 1864, No. 1,054.

Read the following letter from the Collector of Tanjore, dated Point Calimere, 18th June 1864, No. 203 :—

1. With reference to the Proceedings under date the 30th October last, No. 1,960, communicated with the Board's Order of the 3rd November, I have the honor to report that the building and garden therein referred to cover an area of 15 Mahs,* 82 Gulies, and 3 feet, or 2,27,811 square feet; and Lieutenant Mead, the Assistant Engineer in charge of the Range, states that he is informed that as much as Rupees 10,000 were offered for these premises four years ago, and that notwithstanding the dilapidated state of the building it would now sell for about Rupees 6,000 and perhaps more.

* Equal to Acres 5, Roods 0, Poles 36, Yards 23½.

2. I think it would be decidedly more advantageous to sell these premises in one lot, as splitting them into more would deprive them of that value which the tank and the valuable trees in the garden collectively give it as a whole.

3. The delay in the submission of this report has arisen from there having been some difficulty in obtaining the requisite information from the Superintending Engineer, and which eventually reached me only on the 3rd instant.

---

1. Ordered to be submitted to Government with reference to their Proceedings in the Revenue Department, No. 1,960, dated 30th October 1863.

2. The Board recommend that the property in question be sold in one lot by auction in freehold at an upset price of Rupees 5,000.

---

No. 440. Order thereon, 27th July 1864, No. 1,336.

**Miscellaneous.**

1. The Board's recommendation is approved.

2. These Proceedings, together with G. O. 30th October last, No. 1,960, will be communicated to the Public Works Department with reference to Order in that Department, dated 28th August 1863, No. 2,492. It has been ascertained in the Judicial Department, that the building in question is not required for Police purposes.

19th September 1863, No. 1,507, Judicial Department.

3. In regard to the Superintending Engineer's proposal (paragraph 5, letter dated 15th August 1863, No. 409,) to devote the amount realized to building an Office at Tanjore, the Government observe that the sale proceeds in such cases must, under the Orders marginally* noted, be credited to the General Revenue.

* G. O. 6th March 1863, No. 477, Revenue Department.
