Proceedings of the Madras Government, Revenue Department,
27th *July* 1864.

No. 451. Read the following Proceedings of the Board of Revenue, dated 18th July 1864, No. 4,461:—

Read again Government Order, No. 1,854, dated 9th October 1863, directing the Board to prepare a Title Deed for the lands granted to Sub-Engineer, V. Virana Rao Bahadur, in the Ramachendrapur Talook of the Godavery District.

Read also again Government Order, No. 994, dated 11th June 1864, and the Board's Proceedings thereon, No. 3,723, dated 17th June 1864.

1. The Board find it difficult with the imperfect information before them to include in one Deed the grant to V. Virana Rao Bahadur of the village of Mernipadu, and the 41·03 acres of waste land in the village of Vetlapalem, as the rights to be conferred are not the same in both cases. In the case of the Mernipadu village, the rights of the Sub-Engineer will require to be restricted to only the existing Government right to the assessment or quit-rent as the case may be in respect of all lands in the possession of Ryots and Inámdars who are now paying to the State what is legally due from them; while, as regards the waste lands in the village of Vetlapalem, the rights conferred will be altogether proprietary and absolute, and in both cases the title to be conveyed is hereditary and freehold.

2. The village Maps of the Ramachendrapur Talook, to which the Collector refers the Board in his letter, No. 81, dated 4th April 1864, for further particulars, if needed, regarding the lands in question, have not yet been lithographed and furnished to the Revenue Settlement Office.

Board's Proceedings 20th April 1864, No. 2,380.

3. Under the above circumstances it is desirable that the draft deed should be prepared in the first instance by the Collector himself, who is accordingly requested to lose no time in forwarding the requisite draft to the Board, in the preparation of which allusion should be made, first, to the origin of the grant or the terms of the Government Orders conferring the grant; and secondly, to the general character of the grant as hereditary and freehold. The extent and description of the lands composing the village of Mernipadu should then be given, and the rights of the new grantee defined as regards lands in occupation, and those unoccupied in that village as well as the 41·03 acres of waste in the village of Vetlapalem.

No. 452. ORDER THEREON, 27th July 1864, No. 1,342.
