*Proceedings of the Madras Government, Revenue Department,
12th August 1864.*

No. 190. Read the following Proceedings of the Board of Revenue, dated 4th August 1864,
No. 4,966.

Read the following letter from Colonel G. W. Y. SIMPSON, Inspector General of Ordnance and
Magazines, dated Fort Saint George, 11th July 1864, No. 2,161 :—

SIR,

1. I have the honor to forward the Packing Account of Civil Stores, per "Clive," and to
request you will be so good as to inform me to whom the articles alluded to are to be sent on
the arrival of the vessel.

2. It is requested that the Packing Account may be returned as early as possible.

ENCLOSURE No. 1.

ABSTRACT.—Packing Account of Civil Stores.

1. The Stores included in the Packing List received with the above letter appear to be as
follows :—

Bill of Exchange (do. 1st October 1863, Supplemental)	...	...	...	...	...	30

The Stamp paper should be sent to the Superintendent of Stamps. The "Bill of Exchange"
paper forms part of the supply sanctioned by the Secretary of State in Despatch dated 23rd
December 1863, No. 86, but no correspondence is forthcoming in this Office relative to the
"No. 3" paper. The Superintendent can doubtless trace the indent.

2. The Agricultural Implements form part of the supply sanctioned by the Secretary of
State in his Despatch dated 16th January 1864, in Government Order, dated 11th March 1864,
No. 427, Revenue Department.

3. The greater part of those included in the present consignment seem to be required by the
Remount Agent for the Government farm at Oosoor, but as they do not exactly correspond in
description with the entries in his list communicated with Government Order dated 21st April
1864, No. 684, Revenue Department, it would seem necessary that the stores should be deposited
and set up in some place at Madras where Colonel Thompson may have the opportunity of select-
ing exactly what he requires.

4. It is also evident that a skilled Machinist will be required to set up some of the Machines
which are packed in pieces with spare and shifting parts.

*Proceedings of the Madras Government, Revenue Department,
12th August 1864.*

5. The Board believe that in any case this work can be best done in Madras where the services of Mr. Doderet of the Public Works Department are available, and assistance could if necessary be obtained from the Railway Workshops, and indeed they doubt whether it could be done any where else. Moreover as the implements are packed together in pieces and have to be distributed complete, it is indispensably necessary that they be unpacked and set up in Madras.

6. Whether the Horse-power Dressing Machine could be moved to Oosoor best in the cases and skilled workmen sent there to set it up, or whether it also had better be put together here, can be decided in the Department Public Works.

7. Meanwhile the Board submit for the consideration of Government that arrangements should be made for securing space and cover for opening the cases as soon as received and putting together the implements, and it occurs to them that the best plan would be to pitch tents in the Chepauk ground between the Marine villa and the Beach entrance.

8. This would be close to Mr. Doderet's quarters and to the Engineering College whence some skilled assistance may if needed be obtained, while the cases might be landed from the ship within a few yards of the tents.

9. Ample space is available and could be temporarily fenced off to prevent interruption at work.

10. The Board request that the Packing account which accompanies these Proceedings may be sent direct to the Inspector General of Ordnance and Magazines.

No. 191. ORDER THEREON, 12th August 1864, No. 1,453.

Miscellaneous.

1. The Board of Revenue are requested to arrange as they propose for unpacking and setting up such of the implements as are intended for the Remount Agent. The services of Mr. Barwell, the Engineer who has been sent out by the Home Government, will be temporarily placed at the Board's disposal for this purpose, after accomplishing which, he will proceed to Oosoor as directed in G. O. of this day's date No. 1,449.

2. The Board will be informed that orders will be issued regarding such of the implements as may not be required at Oosoor, on the receipt of the report called for in paragraph 2 of the G. O. 11th March 1864, No. 427, which they are requested to submit as soon as possible.

3. The Packing Account referred to in paragraph 10 of the Board's Proceedings will be returned to the Inspector General of Ordnance and Magazines.

Secretary to Government.
