

MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No. 1463	<u>Press</u> Mis.
209. 210	
Dated	13 . 8 . 1864.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
13th August 1864.*

No. 209. Read the following Proceedings of the Board of Revenue, dated 18th July 1864,
No. 4,486.

Read the following letters :—

From the Collector of Bellary, dated Ramandroog, 16th May 1864, No. 69.

1. I have the honor to submit a revised List of English type, in lieu of that returned with Proceedings of the Board of Revenue, No. 1,866, dated 31st March last.
2. The present Indent is for a portion only of the type applied for in the original Indent. The Telugu type will not admit of reduction, except with regard to quadrats, which have been accordingly reduced as altered in red ink. The Telugu type now applied for is necessary for completing two cases.
3. As at the time of the receipt of the Proceedings under reference, a sum of Rupees 30 only was available from the Budget grant of 1863-64, it was not possible, as suggested in paragraph 3 of the said Proceedings, to purchase the articles which were urgently required. As the balance available was totally inadequate for that purpose, it was thought advisable to defer the purchases till more funds were available.
4. If all the important Revenue and Magisterial Circulars, and the Police intelligence which is received from the Superintendent of Police, are to be printed in Canarese, then all the materials in that language entered in the original list will be necessary.
5. The services of a Canarese Compositor will also be required, if the intention of printing the Gazette in that language is carried out. The two extra hands, whose entertainment has been sanctioned, are required, and are employed as pressman and baller.
6. There are about 300 lbs. of new Telugu types, consisting of letters which are rarely used and are not required here. These might either be sold at prime cost, or exchanged for other press materials, and thus go in part payment of some of the press articles now required.
7. For the purchase of the articles entered in the Indent there is now available a sum of 600 Rupees from the annual grant of 1,000 Rupees for the current year, after deducting Rupees 400 for pay of the extra establishment now entertained, repair, and purchase of materials, and other contingent charges. There is also a further sum of Rupees 188-2-0, realized by the sale of 1,000 lbs. of old and unserviceable type sent to Madras in May 1862 under the sanction of the Madras Government, as conveyed in their Proceedings, No. 180, dated 27th January 1863; and which the Superintendent Government Gazette Press, instead of remitting to me, has credited to Government. This amount, as well as the realizations by the sale of the unused type referred to in paragraph 6, would, I think be sufficient for the purchase of the Telugu and English type now required.
8. The purchase of an additional press (the want of which is very much felt), and of the Canarese type referred to in the accompanying list, would require a special grant.

ENCLOSURE No. 1.

ABSTRACT.—Memorandum of English type, &c., required for the use of the Bellary Collectorate Printing office.

ENCLOSURE No. 2.

ABSTRACT.—List of Telugu type required for the use of the Printing office of the Bellary Collectorate.

ENCLOSURE No. 3.

ABSTRACT.—List of Canarese type required for the use of the Printing office of the Bellary Collectorate.

ENCLOSURE No. 4.

ABSTRACT.—Revised Memorandum of English type, &c., required for the use of the Bellary Collectorate Printing office.

*Proceedings of the Madras Government, Revenue Department,
13th August 1864.*

From the same Officer, dated Hospett, 6th June 1864, No. 88.

1. I have the honor to bring to your notice, that in the revised Memorandum of English types, &c., which accompanied my letter, No. 69, dated 16th ultimo, application was made for a Washington or Albion Press, with which four pages of the Gazette could be struck off at a time.

2. Since then the Superintendent Government Gazette Press at Madras, in his letter dated 11th April to the Secretary to Government, Revenue Department, has recommended a newly invented printing machine, admirably adapted to the wants of Collectorate Printing offices, and which is said to be procurable at a cost of 41£.

3. As this machine will admit of 1,300 impressions being struck off in an hour, it will be a great saving of time and labour, to have a press of the above description, as by the ordinary presses in use, the printing of the above number of impressions occupies two men the whole day; and consequently two whole days, and sometimes three days (according to the number of pages it contains in each week) are occupied in striking off the Gazette, much to the detriment of other work.

4. I request therefore, that sanction may be obtained for providing this office with such a machine, in lieu of the Washington or Albion Press already applied for, and I would urge the necessity of my being supplied with it, or with another press, as early as practicable; as very great inconvenience is experienced in the printing office, owing to there being but one useful press. The hand-lever press which was supplied, is only useful for striking off small forms.

5. I request that arrangements may be made to supply this office, as early as possible, with the printing materials (especially the Telugu type) applied for in my letter of the 16th ultimo, No. 69, as without these it is impossible to print regularly the translations of the Legislative Acts, as directed by Government in their Proceedings of the 9th ultimo, No. 105, L. D.

1. With the first of the above letters the Collector submits a revised list of English and Telugu type in reference to the Board's Proceedings dated 31st March last. The cost of these types calculated at the rates given by the Superintendent of the Gazette Press on the former lists amounts to Rupees 732. In the revised list the Collector included a Washington or Albion Press and one large and two small dies "Coat of Arms," the cost of which is not known, as the Superintendent omitted to enter any price in the former list on account of these articles. In the second letter the Collector applies for the newly invented printing machine, which was recommended by the Superintendent of the Government Gazette Press in his letter to the Secretary to Government, Revenue Department, dated 11th April 1864, as admirably adapted to the wants of Collectorate Printing offices. It is said to be procurable at a cost of 41£ or 410 Rupees. If the value of this be added to the cost of types, the total will be Rupees 1,142, while the estimated cost of the lists originally received amounted to very nearly to 4,000 Rupees. As this is beyond the sum allowed for each District, and as the Collector states that there is only a sum of Rupees 600 available from the annual grant of 1,000 Rupees for the current year, the remainder being set apart for extra establishment, &c., the Board consider that the sanction of Government is necessary. They accordingly request that a sum of Rupees 1,200 may be sanctioned for the new printing machine and for the English and Telugu type and dies. The excess may be met from savings in other Districts from the provision of 1,000 Rupees.

2. The new Telugu type (300 lbs.) which the Collector states in paragraph 6 of his first letter is not required, may be sold at prime cost, and the sale proceeds carried to the credit of Government, as they cannot be applied for the purchase of other articles.

3. With reference to the inquiry of the Board as to what the Collector considers to be the most economical mode of providing the Canarese portion of the District with a Gazette in that language, the Collector simply states that the services of a Canarese Compositor will be required. He is requested to report whether the publication of the Gazette in that language is necessary.

*Proceedings of the Madras Government, Revenue Department,
13th August 1864.*

or whether the publication in Telugu, which it is believed is the official language of the District, will answer every purpose. On receiving full information on the subject the necessity for Canarese types and an additional Compositor will be considered.

No. 210.

ORDER THEREON, 13th August 1864, No. 1,463.

Miscellaneous.

The Government understand from the Superintendent of the Gazette Press that the newly invented printing machine alluded to in these papers will not be found suitable for printing the District Gazette, as from its size it will not take on more than two pages at a time. Sanction is, however, granted for providing the Collector of Bellary with a suitable Press and the required type at a cost not exceeding Rupees (1,200) one thousand two hundred. The Board will ascertain from the Superintendent what description of Press will answer the Collector's object best before one is purchased.

(True Extract.)

(Signed) J. D. SIM,

Secretary to Government.

To the Board of Revenue.

„ the Accountant General.

„ the Civil Paymaster.

Exd. S. T. Augustin.

3
Memo:

I fear that the "Little Favorite" will not be found suitable for printing the District Gazette, as from its size, it will not take on more than two pages at a time. It is only intended as a jobbing Press, - for printing blank forms or solid pages within half sheet Royal.

For small Supplements of not more than two pages, it would answer admirably; as well as form, in every other respect, a most useful & auxiliary to the Presses now in use but it would not, owing to its limited printing space, wholly replace them. H. Smith.
14 August 1844

Rev. Secy

No 1463.

Proceedings of the Madras Government
Under date the 13th August 1864.

Read the following Resolution
of the Board of Revenue

Requesting that a
sum of Rupees 1200 be sanc-
tioned for the new printing
Machine and for the English
and Telugu type and dies
required for the Bellary Dis-
trict

(Here enter 18th July 1864
N 1463)

The Government
understand from the Se-
cretary of the Ga-
zette Press that the newly
invented printing ma-
chine attached to all these
papers will not be found
suitable for printing the
District Gazette as from
its size it will not take
up less than 10 feet

at a later session is,
however, granted in provid-
ing the collector of Bellary
with a suitable Press and
not exceeding Rs 1200
one thousand two hundred.
The Board will ascertain
from the Superintendent
what description of Press
will answer the collector's
object best before one is
purchased.
