*Proceedings of the Madras Government, Revenue Department,
23rd August 1864.*

No. 342. Read the following Proceedings of the Board of Revenue, dated 4th August 1864,
No. 4,964.

Read the following Proceedings of the Madras Government, dated 14th July 1864, No. 1,235,
Revenue Department :—

ABSTRACT.—Referring to the Board of Revenue for report a letter from the Superintending Engineer, 4th Division, submitting Plans and Estimates for the construction of certain works connected with the Salt Department at Cheyoor.

The Board observe that from the Plan it appears to be in contemplation to place the new Salt Platform on the outer side of the proposed canal. The Board are of opinion that it would be very advisable to encompass the platform as well as the pans by the proposed canal, planting the outer bank of the canal with a hedge, with a few openings, with small bridges for ingress and egress. Such a course though it might increase the cost of the work would reduce the cost of guarding in a considerable degree.

No. 343. ORDER THEREON, 23rd August 1864, No. 1,530.

Separate Revenue, No. 85.
Salt.

1. Referred to the Public Works Department. The Government agree with the Board of Revenue as to the propriety of enclosing the platforms and the pans by the proposed canal, and orders will be issued from the Public Works Department for revising the Plans and Estimates accordingly.

2. The Government presume that the Board have no remarks to offer on the Plans and Estimates for the Peishcar's Cutcherry and Watch Tower ; these are approved.

(True Extract.)

(Signed) J. D. SIM,

Secretary to Government.

To the Public Works Department,
,, the Board of Revenue.
