Read the following letter from Lieutenant-Colonel J. TEMPLE, Superintendent of Stamps, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Madras, 27th July 1864, No. 163 of Fusly 1274 :—

SIR,

1. In reference to paragraph 2, Government Order No. 1,233, dated 4th July 1864, I have the honor to report that shortly after assuming charge of the Stamp Office I obtained the Plan of the proposed new Office, and finding that very little *secure* storing room had been provided, pointed out to the Superintending Engineer certain alterations in the ground floor arrangements which without affecting the Estimate have provided three secure Store-rooms each 20 feet square. These will be equally needed under the arrangement of obtaining the Stamps from England.

2, The Stamping Rooms will be still required as Packing and Counting Rooms, no modification therefore of the building is necessary.

Ordered to be submitted for the information of Government with reference to their Orders quoted by the Superintendent.
