No. 8,056.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 19th December 1863.

Read the following letter from J. FRASER, Esq., Acting Collector of North Arcot, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Chittoor, 9th December 1863, No. 251 :—

1. It has been proposed by the Department of Public Works to cut off projections in two places in the supplying Channel of Cauverypauk Tank which affect materially the proper train of the Channel. One of the cuttings is through waste land, and no objections can be made to the work, or compensation demanded for the land. The other cutting will be taken through garden land for which compensation must be paid. There are some trees on the land, and a well. The land-owner whose name is Chetambara Row, and who is the Monigar of the village of Satambakam claims as compensation Rupees 5,731-4-0, a valuation which the Superintending Engineer of the Division considers to be palpably extravagant and grossly exaggerated.

2. The trees and lands to be taken, and well, have been valued by arbitrators at Rupees 279-13-0, Rupees 31-4-0, and Rupees 21, making a total of Rupees 332-1-0. This sum was increased by me to Rupees 500, which I thought the owner might fairly claim, and which he was offered as compensation for the loss he would sustain; but he resolutely declines to take this latter sum even, and says that the least sum he is willing to accept is three-fourths of his ridiculous valuation. Captain Chrystie, the Executive Officer, who has seen and valued the land, &c., assures me that no trees of any value (chiefly bamboos), and a slip of the land only, will be taken.

3. Under these circumstances I have the honor to request that the Board will be pleased to obtain the sanction of Government for putting in force the provisions of Act VI of 1857 for taking possession of this land for public purposes.

—

The Collector will please to forward the necessary specification of the land.
