Proceedings of the Madras Government, Revenue Department, 12th September 1864.

No. 187. Read the following Proceedings of the Board of Revenue, dated 13th July 1864, No. 4,360.

Read the following letter from the Collector of Tinnevelly, dated Tenkasy, 17th June 1864, No. 233:—

1. With reference to the Board's Proceedings, dated the 10th and 27th May 1864, Nos. 2,807 and 3,256 respectively, I have the honor to report that the addition of an enclosure to the proposed Chuttrum at Sholapuram for bandies, and a small building for a Shop for the use of travellers as proposed by the Board would be most useful, and I have requested the Superintending Engineer to prepare the necessary Plan and Estimate. A well and a tank are not required, as a river runs close by the spot on which the Chuttrum is to be built.

2. The Plan of the above Chuttrum cannot be reduced, as there should be sufficient accommodation in it for three different castes of people. The line of road between Tinnevelly and Streevilliputtoor *via* Sankerninarcoil is fifty-nine miles. At Alagiapandiapuram, which is twelve miles from Tinnevelly, there is a Government Chuttrum, and at Panavadaly, which is eleven miles from Alagiapandiapuram, and at Sankerninarcoil, which is ten miles from Panavadaly, there is a small private Chuttrum, intended for only the higher castes, but between Sankerninarcoil and Streevilliputtoor, a distance of twenty-six miles, there is not a single Chuttrum. The Plan of the proposed Chuttrum is precisely the same as that on which the two Chuttrums at Alagiapandiapuram and Seethapadmanalloor have been built under the sanction of Government conveyed in their Proceedings of 6th July 1852 and 19th December 1853.

Ordered to be submitted for the information of Government with reference to paragraph 4 of their Order, dated 25th May 1864, No. 892.

No. 188. ORDER THEREON, 12th September 1864, No. 1,674.

Miscellaneous.

Under the circumstances stated by the Collector of Tinnevelly in his letter now submitted by the Board the Government approve the Plan and Estimate for the proposed Chuttrum at Sholapoorum.
