MADRAS RECORD OFFICE.

Government of Madras.

Revenue **DEPARTMENT.**

G.O. No. 1694 Press ~~Mis.~~

228. 229

Dated 4—9— 1864.

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department, 14th September 1864.

No. 228. Read the following Proceedings of the Board of Revenue, dated 2nd September 1864.

Read the following letter from G. A. BALLARD, Esq., Collector of Malabar, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Fort Saint George, dated Calicut, 2nd August 1864, No. 187 :—

1 Estimate for repairing a portion of road and re-constructing two tunnels on the road from Angadipuram to Wandur (with plan) Rupees 1,000.
2 Do. for re-building the Pyolli Lock, Rupees 7,800.
3 Do. for repairing the road from Wadakencherry to the limits of the District via Vaniempara (with plan) 3,800.

* Repairing and constructing culverts and bridges on the road from Pudiacherra to Wikkadoo Ferry, Rupees 910.

SIR,

1. I have the honor to submit, duly sanctioned by the Superintending Engineer and myself, the three District Road Fund Estimates noted in the margin, and to request the Board's sanction for carrying out at once the works therein provided for.

2. The Estimate No. 1 is for work proposed in substitution of work* No. 3, entered in Part II of my Budget Estimate of 1864-65.

3. No. 2 is a revised Estimate for the Pyolli lock work now in progress.

A sum of Rupees 4,150-8-0, out of the original estimate for Rupees 6,350, was spent on it during the past official year. But the Superintending Engineer has since found it necessary to send in the present revised estimate for Rupees 7,800, thus raising the expenditure on the work for the current year to Rupees 3,649-8-0, of this Rupees 2,000 have been entered in the Road Fund Budget, the remainder Rupees 1,649-8-0 and Rupees 3,800, being the cost of estimate No. 3, are available from the Rupees 8,000, which would remain out of Rupees 18,000 entered in Part I of my Budget for completing the Tuta bridge, as I learn from the Superintending Engineer that only Rupees 10,000 can be efficiently spent on the work during 1864-65.

4. I request sanction may be intimated with the least possible delay. No. 2 is in progress and I am anxious that Nos. 1 and 3 should be commenced immediately.

Submitted for the sanction of Government, the estimate for two out of the three works being above Rupees 2,000.

No. 229. ORDER THEREON, 14th September 1864, No. 1,694.

Miscellaneous.

The estimates submitted are sanctioned, with the exception of that for re-building the Pyolli lock, regarding which fuller information should be laid before Government. The estimate is large (Rupees 7,800) and it is not even stated where the work is.

(True Extract.)

(Signed) J. D. SIM,
Secretary to Government.
