Proceedings of the Madras Government, Revenue Department, 21st September 1864.

No. 296. Read the following letter from S. C. BAYLEY, Esq., Junior Secretary to the Government of Bengal, to the Chief Secretary to the Government of Fort Saint George, dated Fort William, the 22nd August 1864, No. 3,533 :—

SIR,

I am directed by the Lieutenant Governor of Bengal to forward herewith a copy of a letter from the Commissioner of Assam No. 22, dated the 6th instant, and to request that, with the permission of His Excellency the Governor of Madras, the necessary instructions may be issued for supplying the Deputy Commissioner of the Cossyah and Jyntyah Hills with 150 Chinchona plants of the most useful species, to be planted at the new station of Youddoe, as also with some packets of seeds of the various fast growing, umbrageous and ornamental Australian and other trees that have been introduced at Ootacamund.

From Colonel H. HOPKINSON, Agent, Governor General and Commissioner of Assam, to the Secretary to the Government of Bengal, dated, Cherrapoonjee, the 6th August 1864, No. 22.

SIR,

1. I have the honor to solicit that the Government of Bengal would be pleased to move the Government of Madras to forward to Calcutta for the Deputy Commissioner of the Cossyah and Jyntyah Hills (150) one hundred and fifty Chinchona plants of the most useful species, to be planted at the new station of Youddoe.

2. The plants might be forwarded by the Madras Government to the care of Messrs. F. Harley and Company, Lall Bazaar, Calcutta, who are the Agents of the Deputy Commissioner, Cherrapoonjee, and who would undertake to manage their transmission viâ Chattuck to Cherrapoonjee. It would not do in the present state of the roads to send them viâ Gowhatty.

3. Youddoe by its situation and climate promises to be most favorable to the cultivation of the Chinchona plant, and under the care of Major Bivar, I think I can promise that the experiment of growing it will be most faithfully and thoroughly carried out.

4. I should be glad if by the same opportunity the Superintendent of the Gardens at Ootacamund, were instructed to forward for Major Bivar, some packets of the various fast growing, umbrageous and ornamental Australian and other trees that have been introduced with such success at Ootacamund.

SIR,

Miscellaneous.

1. I am directed to acknowledge the receipt of Mr. Junior Secretary Bayley's letter of 22nd ultimo, No. 3,533, giving cover to one from the Commissioner of Assam, applying for a supply of 150 Chinchona plants.

2. In reply, I am desired to state that the Government will be happy to comply with the application, and to send a larger number if desired ; but they deprecate the transmission of the plants unless a suitable person can be sent for them. Experience has shown that unless this precaution be taken, very few of the plants reach their destination alive. I am therefore requested to ascertain in the first instance whether the Commissioner can send a suitable person to Ootacamund to receive charge of the plants.

3. The seeds asked for in paragraph 4 of the Commissioner's letter will be forwarded as soon as possible.

I have the honor to be,
Sir,
Your most obedient servant,
