No. 28. Read the following letter from the Sub-Secretary to the Court of Wards:—

Submitting Report of the Court of Wards on the manage-
ment of the Estates under their charge for Fusly 1272 } (Here enter 22nd June 1864, No. 3,812.)
(A. D. 1862-63).

No. 29. ORDER THEREON, 4th October 1864, No. 1,826.

Miscellaneous.

1. In the foregoing letter the Court of Wards place before Government the result of the administration of the Estates under their management during 1272 (1862-63).
2. The Government remark that this report has not been submitted within the time prescribed by Extract Minutes Consultation 4th August 1855, No. 931, paragraph 11. The Government look for greater punctuality in respect to the report for Fusly 1273.
3. The number of Estates in charge of the Court has been increased from seventeen in Fusly 1271 to nineteen in the year under review, by the addition of two small properties, one* in Madura and the other† in Tinnevely.
 * Bodinaickanoor.
 † Oorkad.
4. Since the expiration of the year to which the report refers two‡ Estates in Vizagapatam have been made over to their proprietor. As they are the property of the same individual they have always hitherto been treated together as one domain. The Government are glad to see that there was a balance of nearly Rupees 66,000 at credit when the transfer was made, although both were burdened with a debt of Rupees 81,000 when they came under the Court's charge in 1846.
5. The Minor Proprietor of Mannarcottah is reported to have died in March 1864, the year in which he would have attained his majority had he survived.

6. The total demand on account of revenue for the nineteen Estates amounted to Rupees 5,40,998. If from this sum is deducted the demand on account of the two Estates newly taken under management, there remains a revenue demand for the other seventeen Estates of Rupees 4,56,350, showing an improvement over the preceding year of Rupees 8,690,|| the net result of an increase in eight and a decrease in eight of the Estates.

7. The balance of this total current demand remaining uncollected at the end of the Fusly exceeded Rupees 80,000. Subsequent collections have reduced this by more than half, and the remaining balance of Rupees 33,000 is chiefly due from three Estates in Madura and one in Tinnevely. Two of these, it is observed, are the properties which have just been taken under management, and in one, Oorkad, the balance is more nominal than real. Every effort should be made in future to collect more of the current demand within the Fusly to which it appertains.

8. In Madura too it appears that the greatest balance exists on account of "old arrears." Out of Rupees 81,518 due on this account from all the Estates at the commencement of Fusly 1272, more than half was collected within the year, and subsequent collections and remissions** have reduced the balance to Rs. 22,840, of which the sum of Rupees 12,300 is due from one Estate (Neikarapully) in the Madura District. This unsatisfactory state of things should engage the Collector's particular attention.

11. The expenditure for the year exceed-	
ed the income therefore by Rupees 32,334.	
12. The several items of this expenditure	
are noted marginally. In nine of the seventeen	
Estates, in regard to which a comparison can be	
instituted, there is an increase of disbursements	
over the previous year. Explanation in some	
of the cases is given in paragraphs 20 and 21 of	
the Court's letter—in one Estate, Parlakimedy,	
more than a lac of Rupees should have come	
into the previous year's accounts. The Govern-	

ment expect that such irregularities will be avoided in future. It is observed that in this Estate the charge for establishment and Saderwarid is double what it was in Fusly 1271—no reason is assigned for this. The variations in Peshcush in six¶ of the Estates should also have been explained. There is a general increase under the head of "maintenance and education," but the Government observe that several of the Estates are not charged with any payments on this account.

13. The sum of Rupees 21,190 has been paid during the year on account of debts due by some of the Estates. There is still an amount of Rupees 64,392 owing by six of them, and in the two

*Proceedings of the Madras Government, Revenue Department,

15. The Court's remarks upon the education, &c., of their Wards are not very encouraging. The Government have recently passed orders on this important subject, and will therefore abstain from further comment for the present.

16. The form in which the Board's report is drawn up is susceptible of great improvement. The massing together of the Estates gives the Government but an imperfect idea of the condition, &c., of each, and leaves them in ignorance of the measures adopted during the year. For instance they are aware that a Survey is in progress in Purlakimedy, and that great improvements are being effected to the roads and works of irrigation, but as to both the report, which in fact is merely a commentary on the accounts, is silent. In future the Board are requested to deal with each Estate separately in the annual report, and especially to collect all the necessary information before submitting it. It is not right that twelve months after the close of the year some information should still be wanting.

No. 3,842.

From R. A. DALYELL, Esq., Sub-Secretary to the Court of Wards,
To J. D. SIM, Esq., Secretary to Government, R. D.

SIR,

I am directed by the Court of Wards to submit their Report on the management of the Estates under their charge for Fasli 1272 (A. D. 1862-63), with the prescribed annual Statements prepared in accordance with the instructions contained in paragraph 6 of Extract from Minutes of Consultation dated 4th August 1853.

2. In addition to the seventeen Estates which were under the Court's management in Fasli 1271, two others, viz, Bodinaicknoor in Madura, and Oorkad in Tinnevelly, were taken under management in the year under review. Thus the number of Estates to be noticed is nineteen.

3. All these Estates are under the Court's administration in consequence of the minority of their respective Proprietors, except that of Purlah Kimedy in Ganjam, which continues under the Court's management in consequence of the mental incapacity of the owner.

STATEMENT No. 1.

4. The total number of villages in these Estates was 1,218½, viz.,

Ryotwar...	614½
Rented...	110
Amani...	44
Inam and Shrotriem ...	450

1,218½

Compared with the preceding year they exhibit a net increase of 19½, a result obtained (1) by the addition of the eighteen villages situated in the two Estates taken charge of during the year; (2) by the formation of a new village in the Purlah Kimedy Estate; and (3) by the reversion of a portion of the Uttakaudu Estate to a ward of the Court, on the decease of his ~~mother~~ ^{father}, who was joint owner of the property.

STATEMENT No. 2.

Total...	1,42,460	...	3,65,748

5. This Statement exhibits the cultivation and settlement of the Ryotwar villages. The extent of land brought under cultivation during the year was 1,42,460 acres as shown in the margin, assessed at Rupees 3,65,748, to which Rupees 913 being added on account

of Fasul and Teerwajasty, make up a total assessment of Rupees 3,66,661. Remissions to the extent of Rupees 16,134 were granted, a large portion of which occurred in the Estates of Purlah Kimedy, Bodinaicknoor, Neikaraputty, and Andiputty. Thus the net demand amounted to Rupees 3,50,527, to which a sum of Rupees 18,512 being added on account of Sundry items, the total Ryotwar settlement was fixed at Rupees 3,69,039.

STATEMENT No. 3.

6. The total demand on account of Land and Sundry Sources of Revenue of the several

Estates amounted to Rupees 5,40,998, as particularized below:—

Grand Total .. 5,40,998

7. On comparing the demand of Fasli 1272 with the corresponding entries of Fasli 1271 for each of the Estates that were under management in both Faslis, the largest increase is observed in

the Purlah Kimedy, Beredy, and Andiputty Estates, and the largest decrease in the Royempettah and Neikaraputty Estates, as particularized in the margin. The

increase in the two former results from extended cultivation and from the collections of seigniorage on timber cut in jungles. In Andiputty it was caused by the assessment charged on certain grass and waste lands brought under cultivation. The decrease in Royempettah and Neikaraputty is chiefly owing to the falling off in the price of grain.

STATEMENT No. 4.

8. The Statement No. 4 contains the particulars of Demand, Collection and Balance under the two different heads of Current and Arrears. The following is an abstract of the Statement:—

9. The entire Current demand of the Estates under management amounts to Rupees 5,40,998, of which a sum of Rupees 4,60,201 was collected within the Fasli, and Rs. 47,673 subsequently, leaving a balance of Rupees 33,124. Of this sum Rupees 30,166 belongs to the Estates noted in the margin. The balance of the first Estate is mainly due from the Paddy Contractors, and that

of Bodinaicknoor has been greatly reduced by subsequent collections. The backward state of collections in the Neikaraputty Estate is owing to the non-employment of a Manager during a portion of the year in consequence of the difficulty experienced in obtaining a competent person. Of the Oorkad balance, Rupees 11,500 is stated to be the value of paddy in store. The Collector has ordered this paddy to be sold to the highest bidder, but it is not clear whether the whole of this is the Mailwaram grain, or whether it is the produce of the private farm of the Zemindar and of

the Government lands cultivated by him. The Collector has been called upon to furnish full explanation on these points. Further sums have however been since realized, and measures have been taken by the several Collectors to realize the remaining balances, as well as the sums uncollected in the other Estates.

ARREARS.

10. The balance on account of old arrears at the commencement of the Fasli amounted to

Rupees 81,518. Out of this sum Rupees 45,831 was realized within the Fasli, and Rupees 582 was remitted, thus leaving a sum of Rupees 35,055 uncollected at the close of the Fasli. Of this sum Rupees 3,907 was subsequently collected, which being deducted from the above, leaves a net balance of Rupees 31,148.

11. The sum of Rupees 8,307-5-7 is considered to be irrecoverable. The Court have accordingly sanctioned this amount being written off the accounts of the Estates noted in the margin.

12. There thus remains Rs. 22,840-10-5 uncollected, and of this balance, Rupees 12,307 appertains to the single Estate of Neikara-

putty in Madura. The backward state of the collections is reported to be owing to the absence of accounts, and to the difficulty experienced by the Collector in obtaining correct information regarding the old arrears. A list of defaulters has however now been prepared and the new Manager has called upon them for payment. The Sub-Collector, who has had the settlement of this Estate, promises to report separately on the arrears as soon as he is in possession of particulars. There is a balance of Rupees 1,177 due to the Polhavanam Estate, for which no particulars are forthcoming, and the Collector states that the Minor will have to realize this balance himself on his attaining his majority in December 1864. If these sums are deducted, there will remain a net balance of Rupees 9,357 of old arrears due to the other Estates. A large portion of this balance has however since been collected, and the Court have called the attention of the several Collectors to the early realization of the remainder.

STATEMENT No. 5.

13. The Court will now proceed to notice the financial position of the several Estates under

their charge. There was, at the beginning of the Fasli 1272, a sum of Rupees 14,47,252 to the credit of the Estates, exceeding the balance shown in the previous year's account by Rupees 34,718, of which Rupees 33,940 is the cash balance appertaining to the Estate of Bodinaicknoor, which was newly taken charge of in Fasli 1272, and the remainder, Rupees 778, is the sum omitted in the previous year's account in striking the balance of the Mannarcottah Estate in Tinnevely, which was erroneously entered as Rupees 50,292 instead of Rupees 51,072. The difference between the figures is Rupees 780, but an excess of Rupees 2 having been included in the total balance in the accounts of Fasli 1271, a sum of Rupees 778 only has been added to the balance brought forward in the accounts of Fasli 1272 on account of the Mannarcottah Estate.

14. The receipts during the year inclusive of interest on invested capital, rents of houses, &c., amounted to Rupees 5,80,370, which being added to the capital of the Estates at the commencement of the Fasli, makes a grand total

	Rs.

of Rupees 20,27,622. The charges on account of management, Peisheush, Maramut expenditure, &c., amounting to Rupees 6,12,704 being deducted, there remained a balance of Rupees 14,14,918. Of this sum, Rupees 12,05,700 is invested in Government Securities, as particularized in the margin.

15. The following abstract exhibits the debts due from and to the several Estates at the end of Fasli 1272 inclusive of interest.

District.	Estates.	Debt due by the Estates.	Debt due to the Estates.
GANJAM	Jaluntra.	195

	Oorkad	1,195	64,826
	Andiputty.	23,103	
		64,392	1,55,702

16. Out of the income of the year, a sum of Rupees 2,119 including interest, was paid away in liquidation of these debts, principally on account of the Royempettah, Poliavanam, and Andiputty Estates. Of the debts due to the Estates, which amount to Rupees 1,55,702, only a sum of Rupees 140 was realized during the year under review.

17. The amount entered in favor of the Lakkavaram Estate, including interest, is due from the Zemindar of Nuzavidu in the Kistna District, who borrowed the amount from the Minor's father. The mother of the Minor has lately brought the matter to the notice of the Collector, and measures have been taken for the realization of the loan. With reference to the debts due to Royempettah and Poliavanam, the Collector of Tanjore states that every attempt is being made to recover these sums, but that there is very little hope of any considerable portion being realized, and that they will have to be adjusted by the Minors themselves after they attain their majority. Of the amount due to the Neikaraputty Estate, a debt of Rupees 5,760 is being settled by arbitration, and measures have been adopted for the recovery of the debts due to the Estate of Bodinaicknoor. No particulars are furnished in the report received from Tinnevelly regarding the large amount due to the Oorkad Estate, but the Collector has been called upon to submit a separate report showing the details of the debts, and what means he has adopted for realizing the amount.

STATEMENT No. 6.

18. The only Statement which now remains to be noticed is No. 6. In this Statement the Demand, Collection, and Charges of the several Estates under management are shown in comparison with those of Fasli 1271, and the following is an abstract of the information given :—

Fasli	Demand.	Collection.	Charges.
1271	4,47,660	4,08,253	4,21,673
1272	5,40,998	4,60,201	6,12,704
Increase.....	93,338	Inc. 51,948	Inc. 1,91,031

Bodinaicknoor and Oorkad.

19. The increase in the demand is owing chiefly to the Estates noted in the margin having come under the Court's charge during the year under review, and for which no comparison can be instituted; but it is also partly due to some waste land having been brought under cultivation in the Purlah Kimeddy and Andiputty Estates. The increase in the collections is attributable to the same causes.

20. The increase of Rupees 1,91,031 in the charges results from a gross increase of Rupees 2,01,039, and a gross decrease of Rupees 10,008. The largest increase occurs in the Purlah Kimeddy Estate, and is occasioned by the addition of Rupees 1,05,300 to the charges shown in the Collector's Statement. This sum, as explained in paragraph 16 of the Report for Fasli

1271, is the value of Bonds sold and expended under the authority of the Court on Maramut works, but included in the balance of the Court's Statement for want of explanation as to the particulars of the charges incurred. In his letter dated 17th March 1863, the Collector has explained that the sale proceeds of the Government Promissory Notes were credited in the accounts of Fasli 1270, under the head of rents of houses and other income, and disbursed in Fasli 1271 on account of the balance of Peishcush for the liquidation of debt due to Government, and for Maramut expenditure. Under this explanation the sum of Rupees 1,05,300 has been included in the charges in the Court's Statement of Fasli 1272, as it was excluded from the accounts of Fasli 1271 for the reasons above given. The mode in which the charge was exhibited in the Collector's accounts of Fasli 1271 was irregular, and the course which he ought to follow hereafter in such cases has been pointed out to him.

21. Exclusive of the two Estates which lately came under management those noted in the

	Rupees.	margin exhibit a considerable increase in the charges. In Cassimcottah this has been caused by an increase of expenditure in Maramut works. In Eroongaducottah it is owing to law charges incurred by the Estate, and to the cost
Cassimcottah	2,453	
Eroongaducottah	2,074	
Neikaraputty	1,139	
Mannarcottah	5,561	
Andiputty	4,576	

of the repairs of a tank. In Neikaraputty the allowance of the Minor and family were charged for only nine months in Fasli 1271 against twelve in Fasli 1272 at an increased rate. In Mannarcottah, the increase is attributable to the expenses incurred on account of the Minor's marriage, and in Andiputty to the payment of debts.

22. Of the Estates which were under management during the year under review, Cassimcottah and Melloopauka in Vizagapatam (belonging to one Proprietor) have since been made over to the Minor on his attaining majority. The condition of these Estates was at one time considered hopeless, for the liabilities with which they were burdened amounted to the large sum of Rupees 81,859. It is gratifying to notice that they have now a large balance in their favor and were free from debts. The annexed Statement exhibits the financial position of the Estates when they came under charge of the Court, and when they were restored to the Proprietor during the past year :—

DISTRICT.	ESTATE.	When taken under charge of the Court.	Balance to credit.	Arrears due when taken under management.	When transferred to the Proprietor.	Balance to credit.	Arrears due when made over to the Proprietor.
Vizagapatam..	Cassimcottah and Melloopauka.	August 1846.	...	Rupees. 87,623	24th October 1863.	Rupees 65,960	58

23. The Court will now proceed to notice the conduct and education of the wards under their charge. They regret to state that the Minor of Mannarcottah in Tinnevelly died on 31st March 1864.

GANJAM.

24. There has been no improvement in the mental state of the Purlah Kimeddy Zemindar. The Beredy Minors reside at Chittapur, and are still studying English, Telugu, and Oorya under a teacher appointed by the Collector who himself examines the lads occasionally. They have not yet been sent to the Onslow Institution though the Government some time since sanctioned this course. Mr. Forbes reports that they are making but slow progress, and he proposes to send them to the Onslow Institution when a Head Master is appointed. The Barwah Minors are attending the Berhampur Zillah school.

VIZAGAPATAM.

25. The Minor of Chemudu continues to attend the Anglo-Vernacular school. He reads English and Telugu, but his progress is slow.

GODAVERY.

26. The Minor Proprietor of Lakavarani attends the Government school at Ellore, and is reading English and Telugu. He is attentive to his studies, and his conduct is reported to be good, MADRAS.

27. Narrain Bauboo, the Minor of Uttukaudu, is still studying in the Government Normal school. His progress in Telugu was not satisfactory, but his attainments in English were fair; the Collector has warned him to be more diligent and attentive to his studies. The Eroon-gadukottah Minor is still receiving elementary instructions in his own language, Telugu. He has lately commenced reading Tamil also.

TANJORE.

28. The Minor of Royempettah is now studying in the Provincial school at Combaconum, and the Minor of Poliavanam in the Taluk school at Puttukottah. The former is a sharp lad, and during the short period he has been under tuition has shown indications of good intellect. The latter Minor is a dull boy, and is also wanting in application. His conduct however is generally good.

MADURA.

29. The Suptoor Minor was prosecuting his studies in the Zillah school at Madura, and the report made regarding his progress was very unsatisfactory. He has however since been removed to the Provincial school at Combaconum. The Neikaraputty Minor is under private tuition. He is now of a suitable age to be sent to school, and the Court have accordingly directed the Collector to place him in the Zillah school at Madura.

COIMBATORE.

30. The Andiputty Minor has been lately admitted into the Anglo-Vernacular school at Coimbatore. His attainments are not sufficient to entitle him to admission even to the lowest class of the school, but the Collector states that special attention will be paid to his progress, and that every encouragement will be given to push him forward in his studies. His general conduct and character are good, and as he is still young there is every hope of improvement.

MALABAR.

31. No information is furnished by the Collector regarding the education of the Nelialam Minor. It is presumed that he continues under the instruction of a private Tutor, but the Collector was directed in the Court's Proceedings, 15th March 1863, No. 1,621, giving cover to the Government Order 1st April 1863, No. 608, to make arrangements for his education at Ootacamund.

I have the honor to be,

Sir,

Your most obedient servant,

1 In the foregoing
letter the Court of
Wards place before Govern-
ment the result of the ad-
ministration of the estates

this report has not

Submitting report of the Court of Ward
on the management of the Estates under their
charge for Fasli 1272 (A. D. 1862-63)

No. 28

20-30 May 1863

August 1855 22,931-paragraph 11.

3 The number of estates in charge of the Court has been increased from seventeen in Fasli 1271 to nineteen in the year under review by the addition

of two small properties, one in Madura * Bodinaickinor and the other in * Oorkad Timnevelly.

4. Since the expiration of the year to which the report refers two estates * Casimbotta & Melloopankar in Vizagapatam have been

here burdened with a debt of 80,000 Rs when they came under the Court's charge in 1840.

been made over to their proprietor. As they are the property of the same individual they have always hitherto been treated together as one domain.

The Government are glad to see that there was a balance of nearly 66,000 Rs at credit when the transfer was made. - although both

5 The minor proprietor of Mannarcottah is reported to have died in March 1864, the year in which he would have attained his majority had he survived.

6 The total demand on account of Revenue for

for the nineteen estates
amounted to Rs. 5,40,998.

If from this sum is
deducted the demand
on account of the
two estates newly
taken under manage-

ment there remains
a Revenue demand for the

of Rs. 4,56,350 showing an im-

provement over the preceding
year of Rs. 8,690 the net
result of an increase in eight
and a decrease in eight
of the estates.

of the Fasli exceeded 80,000
Rs. Subsequent collections
have reduced this by more
than half, and the remaining
balance of 33,000 Rupees is
chiefly due from three
estates in Madura and
one in Tinnevely. Two
of these, it is observed, are
the properties which have
just been taken under
management, and in one,
Corkad, the balance is
more nominal than a
real. Every effort should
be made in future to
collect more of this
Current

in the Fasy to which
it appertains.

8. In Madura
too it appears that
the greatest balance
exists on account of
"old arrears". Out of
Rs. 81,518 due on this
account from all the
Estates at the com-
mencement of Fasy in
1272, more than half
was collected with-
in the year, and in
subsequent

subsequent collections
and remissions have
reduced the balance to
Rs. 22,840, of which the
sum of Rs. 12,300 is due
from one Estate in
(Veikarapetty) in the
Madura District. This
unsatisfactory state of
things should engage
the Collector's par-
ticular attention.

must be added Rs.

therefore, to Rs 5,80,370.

10. It appears that
 everyone of the nine-
 teen estates had a
 balance at credit
 at the beginning of
 the Fash except Por-

 amount as per mar-
 gin amounted to Ru-

 the ³income of the Fash
 as given in the preceding
 para, and deducting
 the expenditure for the

 mained a balance
 to the credit of all the
 nineteen estates of Ru-
 pree 14,14,918.

 ~~hoped~~ that such ir-
 -regularities will be
 avoided in future. It
 is observed that in
 this estate the charge
 for establishment, and
 Soderward is
 doubt what it was
 in 1871 - no ed-
 -son is assigned for
 this. The variations
 in Eschew in ^x size of
 the estates should
 also have been
 explained. - There is
 a general in-
 -crease under the
 head

head of "Maintenance and Education" but the Government observe that several of the estates are not charged with any payments on this account.

13. The sum of Rupees 21,190 has

Estate	Balance to credit	Debt owing

Bodinaachinor — 3,688.

has been paid during the year on account of debts due by some of the Estates. There is still an amount of Rupees 64,373 owing by six of them, and in the two marginally noticed, there seems no reason why the debt should not be at once cleared off, as there is money in hand sufficient for the purpose.

14. More than a lac and a half of Rupees is owing to six of the Estates. A trifle only was realized in July 1872. A large portion of this sum is due to the two properties newly taken under management. But there is also an amount of nearly 40,000 Rs. said to be outstanding in favor of the Jaitkhar Estate which came under

under the Court's pro-
tection in 1859. It is cer-
tainly strange that this
circumstance is only
now brought to notice
for the first time,
and the previous igno-
-rance on the subject
is not ~~very~~ creditable
to the local agent.

15. The Court's remarks
upon the education, &c.
of their wards are not
very encouraging. The
Government have recently
passed orders on this
important
subject and will there-
fore abstain from further
comment for the present.

gll
I propose adding the
pass over list. It is
impossible - we want
a hunt through the State
ments to discover the
actual condition of any
one Estate - I find it to
find what is doing -

The form in which
the Bd's report is drawn
up is susceptible of
great improvement.
The massing together
of the Estates gives
the fact but an im-
-perfect idea of the
condition &c of each
and leaves them in
ignorance of the measures
adopted during the year. For in-
stance they are aware that a
Survey is in progress in Purlukindz
& that great improvements are being
effected to the roads & works of
irrigation - but as to both the report
which in fact is merely a summary
on the accounts - is silent. In
future the Bd are requested to deal
with each ~~subject~~ ^{Estate} separately in the
annual report and especially
to collect all the necessary in-
-formation before submitting it. It
is not right that 12 months after the
close of the year some information should
be wanting.
