From

To

Captain R. W. Beddome.
Conservator of Forests.
Madras.

Sir,

I in vain endeavored to get contractors to float the Government timber and saplings from Nilambur to Calicut this season on anything like reasonable terms.

2. I have lately at Nilambur & accordingly managed that the Pensioned Native Conservator should give the assistance of his great local influence and knowledge and be mainly responsible for the reduced floating arrangements.

I authorized the entertainment of a man to superintend them under the Pensioned Conservator on Rs 20 per Mensem.

3. I told the said Assistant Conservator he could pay this man by charging in the Contingent Bill, and for this if further sanction is necessary I request you will obtain it.

It was quite impossible that Mr. Ferguson could carry on operations in the plantations efficiently without

without this assistance towards placing within,
fairly, I believe from the opposition of interested
parties, is a much more troublesome undertaking
than I anticipated.

I doubt not however that perseverance will surmount the difficulties to a great extent and that after a season or two contractors on reasonable terms will come forward.

I have the honor to be Dear
Sirs - G. A. Ballard.
Collector.
