Proceedings of the Madras Government, Revenue Department,
7th October 1864.

Submitted to Government with reference to the Order quoted by the Collector. The Government will observe that the proposed settlement will be about 6 per cent. in excess of that proposed by the Collector.

No. 61.

ORDER THEREON, 7th October 1864, No. 1,841.

Land Revenue.

Nanganagaram.
Peramelakkudi.
Tottamkavalur.

1. These papers relate to the introduction of the Mottafysal Settlement in lieu of "grain rent" into the villages of the Tanjore District named in the margin. The Collector and the Board recommend the change as very desirable, in order to put these villages on the same footing as the other villages of the District, but they differ as to the basis on which the new Settlement should be made. Mr. Cadell proposes the commutation of the existing grain assessment at the fixed standard price. The Board's plan is, that the standard estimate of produce for these villages, which is unusually low, should be raised to that which is in force in the surrounding villages; that the Government share in the produce, which is 10 per cent. above that in force in other parts of the District, should be reduced, and that a Mottafysal Settlement should then be introduced.

2. The proposed change of Settlement will involve a loss of revenue but, as Mr. Cadell observes, it is the necessary consequence of the Mottafysal Settlement, and the anomaly in the present mode of Settlement must, under any circumstances, be corrected. Mr. Cadell's proposals will entail a loss of 566 Rupees on the current revenue, and of Rupees 501 on the average revenue of the preceding ten years. The gain from the Board's plan will be only Rupees 52, but the Government approve it as being not only fair enough to the villages now in question, but also just to the neighbouring villages. The Board will issue the necessary instructions to the Collector.
