*Proceedings of the Madras Government, Revenue Department,
10th October 1864.*

No. 88. Read the following Proceedings of the Board of Revenue, dated 23rd June 1864.
Read the following letter from J. FRASER, Esq., Officiating Collector of the Godavery District,
to W. HUDLESTON Esq., Secretary to the Board of Revenue, dated Cocanada, 13th
June 1864, No. 144.

SIR,

1. I have the honor to request that the Board will obtain the sanction of Government for Mr. Leggatt, Deputy Collector in charge of the Salt and Sea Customs Departments, being permitted to exercise general Magisterial powers in this District.

2. I can declare from what I have seen and heard, that the Salt Department in this District is in a thoroughly efficient state. The Board are also aware what a small charge the Salt Department comprises here, as compared with many other Salt Districts. The Magisterial duty which I propose to give Mr. Leggatt is the trial of many cases that come before myself from the Sub-Magistrates of this town, of Coringa, and from Amlapur. These I now either try myself, or refer to the Deputy Collector in charge of the Treasury. His time however is pretty fully occupied already; and I find that the supervision of the general work of the District, and the English correspondence, leave me very little time for executive details.

3. Mr. Leggatt's duties are now very light, and he himself has complained of want of something more to do, and I can see that he does so with good reason. The Salt manufacturing season is over; he has much spare time on his hands, and the Board and Government may rely on my not giving him such an amount of Magisterial work as will at all interfere with his special duties, and on my giving him no Salt cases to try. I should also find his being allowed to try ordinary Magisterial cases, a great relief to myself.

Ordered to be submitted for the consideration of Government in connection with Mr. Clarke's report on the Salt Department of the Godavery District.
