While in para 3 of
his statement
his letter of 5 July
1864 he says "a
period of 5 years is
really too long for me
to be able to recollect
the circumstances
or to show that I have
paid the bill at the
time, as I was in
the habit of doing."
Mr Cherry's meaning
practically is that
he is under the impression that he
paid the charge at
the time, that after
the lapse of so long
a period, he cannot
positively say that
he did pay it &

I subjoin also
drawing the attention
of the Bd. to
the attorneyship of
Mr Boalth writing
a letter of several
pages to the Colr
in the same strain
& then five minutes
conversation would
have surprised. The
letter too looks as
if had been originally
written in Tamil.

Mr. Cherry will be
informed that his letter to the
Deputy Collector of the 31st
January 1863 is highly improp
and unbecoming a gentlema
of his position.

The attention of
the Board of Revenue will be
drawn to the absurdity of
Mr. Boalth writing a lette
of several pages to the
Collector in the same office
when five minutes conve
sation would have suffice
The letter too ~~took~~ read as if
it had been originally
prepared in the Vernacula
