Proceedings of the Madras Government, Revenue Department,
14th November 1864.

No. 159. Read the following letter from Captain R. H. BEDDOME, Officiating Conservator of Forests, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Camp Ootacamund, 15th October 1864, No. 1,102:—

SIR,

I have the honor to inform you that I have inspected the portion of the Shola felled by Mr. McIvor near the Pykarah water falls, and alluded to in the G. O. No. 1,794 of the 28th of September. As the Shola has been burnt it will not now renew itself, but a dense thorny jungle (styled Kumri jungle) will rapidly spring up, under these circumstances I would suggest that Mr. McIvor should now be allowed to plant it with Chinchona, which is a fast growing and very handsome tree or, to avoid the sameness that a large mass of one particular sort of foliage would give to the scenery, a selection of various Australian Acacias and Eucalypti might be planted in connection with it, and perhaps a few of the easier growing jungle trees. The Shola remaining under Mr. McIvor (who has an establishment on the spot) until the growth of the trees is fairly established. If the Shola was now to be placed under the Forest Department we must send out an establishment and probably an Overseer and hut them, and any attempt to plant only jungle trees would I am afraid, be a failure, their growth is so very slow and uncertain, and as the clearing alluded to is very large they would probably die from exposure.

No. 160. ORDER THEREON, 14th November 1864, No. 2,084.

Forests, No. 8.

The road and avenue will be replaced under Mr. McIvor, but it must be distinctly understood that no further felling will on any account be allowed.
