Proceedings of the Madras Government, Revenue Department,
17th November 1864.

No. 214. Read the following letter from Lieutenant-Colonel E. HEMERY, R. E., Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Cuddapah, 1st November 1864, No. 129 ;—

SIR,

1. With reference to a note at the foot of letter No. 2,674, dated 14th September last, from the Deputy Secretary to Government, Fort Saint George, Public Works Department, to the Secretary to the Government of India, Public Works Department, I have the honor herewith to forward a Plan and an Estimate amounting to Rupees 12,100 for a Talook Cutcherry at Adoni, according to the last Standard Plan sanctioned by Government, and approved of by the Board of Revenue, and by the Inspector General of Police.

1 Plan.
1 Estimate.
1 Specification.

2. The estimate was, in the first instance, prepared by Major Flint when in charge of the Bellary Range, the rates have been carefully revised by Mr. Claridge, Supervisor now in charge of that range, and again in my Office ; and although the amount required is large, I am confident that the building could not be constructed at Adoni for a smaller sum, as all the iron and wood work will have to be sent from Bellary, a distance of 43 miles.

Referred to the Revenue Department.

CHEPAUK,
8th November 1864.
