Proceedings of the Madras Government, Revenue Department, 9th February 1864.

No. 165. Read the following letter from G. N. TAYLOR, Esq., Inám Commissioner, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Coimbatore, 30th January 1864, No. 6 :—

SIR,

1. I have the honor to submit for consideration and orders of Government a case of a Shrotriem or Inám village in the Talook of Atmakur in the District of Nellore.

* Nellurpalem.

2. The Inám is valid and was originally subject to a Jódi of Rupees 690. It was divided between the grantee and his brother, but the half village which belonged to the former reverted to Government in Fusly 1220, for arrears of Jódi, the remaining half being still held on Inám tenure by the descendants of his brother on half Jódi, Rupees 345. The resumed portion of the village under the management of Government yields a revenue less than the Jódi paid on the other half. The revenue raised on it within the last ten years is shown in the margin.* The lands of the resumed portion of the village being ntermixed with the other portion, the Revenue Department found it inconvenient to rent it to any one else than the Shrotriemdars, who consequently virtually enjoy the whole village and pay on the whole a sum less than the original Jódi of 690. To avoid however, future interference and to secure an undivided interest in the village, the Shrotriemdars who now hold half the village, offer to take up the entire Shrotriem, and request that it may be confirmed as Inám on the Kayan Jódi of Rupees 690. This arrangement will, benefit both parties. The Government will secure an immediate addition of Rupees 100 a year to the revenue, and the Inámdars will have a real inducement to improve the village by investment of private capital and labor.

3. Under these circumstance, I beg to recommend, should the Government see no objection, that the whole village be confirmed as Inám on the original Jódi of Rupees 690.

4. I beg to add that the Collector, who has been consulted, concurs with me in opinion that the proposed arrangement will be decidedly advantageous to the Government.

No. 166. ORDER THEREON, 9th February 1864, No. 246.

1. Forwarded to the Board of Revenue for early report.

2. The Board will ascertain from the Collector why the receipts from the Government moiety of the village have been so small, and report the area, assessment, cultivation, and waste
