*Proceedings of the Madras Government, Public Works Department, 4th February* 1864.

No. 80. Read the following Proceedings of the Madras Government in the Revenue Department:—

Approving of the revised Plan of a Táluq Cutcherry at Amalapore, Godavery District, and requesting that the Estimate may be carefully examined as the charge is very high. } (Here enter 13th January 1864, No. 72.)

No. 81. ORDER THEREON, 4th February 1864, No. 366.

1. The amounts of these two Estimates are large, but the rates and items in detail do not appear capable of reduction.

2. Taking into consideration the position of Amalapore, and the possibility of the site of the Cutcherry being submerged, the Government are of opinion that the building should be as substantial as possible.

3. The Governor in Council accordingly sanctions the Estimate amounting to Rupees 15,760 for entry in the Budget of 1864-65, upon the understanding that the loop-holed turrets, provided in the Standard Plan, to render the building defensible, are to be constructed.
