Proceedings of the Madras Government, Revenue Department, 22nd February 1864.

No. 310. Read the following letter from H. G. SMITH, Esq., Acting Collector of Cuddapah, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Cuddapah, 15th February 1864, No. 5;—

SIR,

1. With reference to the Proceedings of Government, dated the 11th February 1864, No. 258, in which the Government sanction the sum of 5,000 Rupees for relief of the Kadiri Talook, but at the same time wish to be informed whether the Irrigation and Railway operations and also the road from Nundial to Kurnool and Cuddapah cannot be made use of before sanctioning the remainder of the sum I asked for in my letter, dated 5th February 1864, No. 10, I have the honor to inform you that the distance from Kadiri to where the Irrigation Company begin work or rather will begin it in this District, is upwards of 200 Miles — a distance far too great for the people for whom I ask relief, to go.

2. I feel certain that they would go any reasonable distance; but I think the Government will agree with me that they cannot be expected to leave their homes for such a distance, and I must, therefore, again request that the full grant of 20,000 Rupees be allowed as soon as the proper Estimates are prepared by Messrs. Palmer and Molony.

No. 311. ORDER THEREON, 22nd February 1864, No. 318.

The Acting Collector, it is observed, does not answer the question put in the Order of Government, 11th instant, No. 258, as to whether the operations of the Railway Company and the work on the road from Cuddapah towards Nundial and Kurnool, will not furnish employment for the people. It is believed that some Railway operations are going on at and near Cuddapah town, and will be resumed between Cuddapah and Gooty. These works and the Nundial road cannot be too far for the people of Kadiri, and the Collector will be desired to furnish the required information respecting them.
