P. 260 0 0	Mariambi, as in the case of Chandbi regarding whom a Tabular Statement is also submitted this day has similarly been kept out of her Yeomiah owing to discrepancies in her personal appearance. She was described by one inquiry as red, while another inquiry showed her to be neither black nor red. Some estimate her age at eighty years, others at sixty, which is in accordance to the list drawn up in 1845. She must be either 72 or 73, and it is recommended that she be forthwith authorized to receive her arrears as there are no valid reasons to doubt her identity.

Proceedings of the Board of Revenue, dated 23rd January 1864, No. 463.

Read the following Statement from the Collector of Nellore, dated 11th January 1864, showing the amount of arrears due to the undermentioned Yeomiahdar, in the District of Nellore.

P. 400 4 8	Chandbi applied for her Yeomiah in arrears in 1860, and as the case then stood should have received it at once. Subsequently details were received of her personal appearance, and on these details the stand has been made. In the English List in this Office there is a remark that she is "blind of one eye," and inquiry shows she is not. She was further made, 5 feet and 10 inches by the first measurement, whilst she is recorded 4 feet and 10 inches, &c., and as regards all these points and age, &c., it can only be said that the objections are worthless, and the woman having been kept out of her money so long is shameful. There is nothing to show on what authority the blindness was recorded or by whom; it is an interpolation; it might easily have been made in good faith in regard to some one else. There is little chance of a Mussalman woman in the south being 5 feet and 10 inches; or, after 50, of great precision being obtainable in respect to age. It is recommended that the Yeomiah be paid.

No. 340. ORDER THEREON, 24th February 1864, No. 332.

1. As the Collector does not give the grounds of his belief in the identity of these Yeomiahdars the Government cannot sanction the payment of the arrears without further information. In the printed list of Yeomiahs in the Government Office, the Yeomiahs now in question are stated to have remained undrawn—in the case of Mariambi from January 1850, and in that of Chandbi from January 1854, in consequence of the Yeomiahdars though above the age of 50 years having declined to appear personally and draw their pensions. The arrears now recommended to be paid date in both cases only from September 1859, and the Board of Revenue will be requested to call upon the Collector of Nellore to report upon what authority the previous arrears were paid, and whether the Yeomiahdars did appear and give satisfactory proof of their identity preparatory to the payment; also whether their descriptive rolls correspond with their present appearance.

2. The Board will instruct the Collector, in the event of no trustworthy information about their identity being procurable, to require them to produce two male Yeomiahdars each who receive allowances from Government to certify to their identity.
