Proceedings of the Madras Government, Revenue Department, 8th March 1864.

No. 65. Read the following Proceedings of the Madras Government in the Public Department :—

Approving the revised Plans and Estimates submitted by the Superintending Engineer, 6th Division, for the proposed Civil Dispensary and other buildings at Negapatam. } (Here enter 26th February 1864, No. 233.)

No. 66. ORDER THEREON, 8th March 1864, No. 396.

Communicated to the Board of Revenue, with reference to G. O. No. 122, dated 21st January 1864.

(True Extract.)

(Signed) C. G. MASTER,
Deputy Secretary to Government.

To the Board of Revenue, with Proceedings Public Department, No. 238.

Exd. S. T. Augustin.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From Captain J. BEAN, R. E., Officiating Superintending Engineer, 6th Division; to the Secretary to Government, Department Public Works, dated Tanjore, 13th January 1864, No. 1529.

In reply to paragraph 2 of Order, No. 3252, dated 9th November 1863, I have the honor to enclose an abstract estimate and plan amounting to Rupees 13,680, for erecting a Civil Hospital with out-offices, as well as a Lying-in-Hospital, and Male and Female Wards at Negapatam.

Enclosures.
1 Abstract Estimate.
1 Specification.
1 Plan.
1 Copy of Proceedings of the Revenue Department, No. 813 of 20th June 1859.

2. An estimate amounting to Rupees 12,700, accompanied by a plan for these buildings, was received from the Collector on the 5th December 1863; but Captain Foord, the late Superintending Engineer, modified the design for the Hospital so as to increase the amount of the estimate to the above sum.

3. Mr. Cadell in his letter of the 5th ultimo proposes, and I quite concur with him, that the Hospital and out-offices should be first undertaken at a cost of Rupees 7120 on the Government grant of Rupees 3000 supplemented by private subscriptions, and that the other buildings* might be erected hereafter should Government think fit to make a further grant in support of the remaining local subscriptions. I observe that the inhabitants of Negapatam are said to have raised Rupees 7000 and upwards, making Rupees 10,000 available towards the estimate of Rupees 13,600.

* Cost Rupees 5560.

4. As regards the last paragraph of the above order, I beg to enclose copy of Proceedings, No. 813, dated 20th June 1859, in the Revenue Department. The Collector states that the date of the 28th June was mis-quoted by inadvertence, which was the date of the Proceedings of the Board of Revenue.

5. I can modify the plan of the Male and female Wards, and Lying-in-Hospital in a similar manner, but I have sent up the original one as it stands to save further delay.

Referred to the Public Department.

CHEPAUK,
19*th January* 1864.

(Signed) C. A. ORR, Colonel, R. E.,
Secretary to Government, P. W. D.

From Captain J. BEAN, R. E., Officiating Superintending Engineer, 6th Division; to W. H. KERR, Esq., Deputy Secretary to Government, Public Department, dated Tanjore, 8th February 1864, No. 1763.

In reply to your Memorandum, No. 44, dated 29th ultimo, Public Department, I beg to state that the plan of the proposed Civil Hospital, and subsidiary buildings at Negapatam, submitted with my letter, No. 1529, dated 13th idem, to the Secretary to Government, Public Works Department, was furnished by the Collector to my predecessor to save delay in its preparation in this office, and was drawn out, I believe, by the Tahsildar or one of his subordinates, owing to which it required revision.

Enclosures.
1 Abstract Estimate.
1 Report.
1 Plan.

2. The modifications I would propose in the Lying-in-Hospital, and Male and Female Wards are chiefly of a petty character, but such as would tend to the improvement of the buildings. I think them very desirable, and I would introduce ridge ventilation, alter the situation of some of the doors and windows, especially two of the latter, which are of no use in the main building but would be serviceable in the verandah rooms, and add two bath or store rooms by enclosing a portion of the verandah.

3. The additions and alterations are shown in the enclosed sketch, which gives a plan of the original and proposed buildings, and would cost Rupees 290 in excess of the estimate sent with my letter under reference. The aggregate amount of the former estimate, Rupees 13,680, would be raised to Rupees 13,970.

Vide enclosed Estimate.

ORDER THEREON, 26th February 1864, No. 238.

The revised plans and estimates for the proposed Civil Dispensary and other buildings at Negapatam, submitted with the Superintending Engineer's letters of the 13th January and 8th February, are approved.

2. The question discussed in paragraph 3 of the Superintending Engineer's first letter has already been disposed of in the Order of Government, dated 4th January, No. 1, a copy of which will now be communicated to Captain Bean through the Department of Public Works. The grant of Rupees 4000 made by the Government is to be expended solely on building, and it will be for the Committee which was then ordered to be appointed to decide, after the completion of the Hospital and out-offices which are to be now built, what portion of the remaining funds raised by private subscription can be safely expended in the erection of other buildings, or should be set aside for the support of the Hospital as required in the Government Notification of 11th June last.

3. The Collector and Superintending Engineer will meanwhile be reminded that the Government grant must be drawn before the 30th April next.

(True Extract.)
