Read Proceedings of the Madras Government, Revenue Department, dated 2nd February 1864, No. 183.

1. The Board consider that the grants are *primâ facie* objectionable from their extent, which is far in excess of what a Collector can be deemed competent to assign on favorable Cowle without express sanction. The Collector will be requested to report fully all the circumstances of the case, explaining the position of the land and quoting the authority under which he acted and fixed the assessment at the rate and on the terms stated.

2. He will also give full details as to the land sought under the Tope Rules, and explain how he considers them applicable to the case. The Puttah will be withheld till the orders of Government have been obtained.
