*Proceedings of the Madras Government, Revenue Department,
14th March 1864.*

No. 157. Read the following Proceedings of the Board of Revenue, dated 26th February 1864,
No. 1,235:—

Read the following letter from the Acting Collector of South Canara, dated Kundapur, 6th
February 1864, No. 25.

1. With reference to the Proceedings of the Board, dated 20th January 1864, No 404, I have the honor to state that the expenditure of Rupees 11,390-11-2 should be debited to the head "Advances re-payable," and credited with the recovery of the same as it may take place.

2. This course was followed on a previous occasion in 1853, when the Government was under the necessity of aiding the Islanders with provisions. They were then allowed three equal annual instalments to liquidate the debt, and I beg to recommend that the same indulgence may be shown to them on this occasion, as I am informed that their losses and privations were heavier last year than in 1857, and I do not think they are at all capable of meeting the full demand at once.

3. A small portion of the provisions was distributed to the inhabitants of two of the Malabar Islands; but as the list received from the Moniagar of the Islands differs from that supplied by the Commissariat Officer at Bombay as to the number of bags of rice actually received and sent, I am not yet able to furnish the Board with the information they require as to how much belongs to Malabar.

4. There is no provision in the Budget from which the expenditure incurred in sending out supplies of provisions to the Laccadive Islands can be met. Being an accidental charge, it could not have been provided for; but as it is a recoverable advance and not a debit against the State, it may be adjusted as shown in paragraph 1.

1. Ordered to be submitted to Government, with reference to their Proceedings dated 3rd and 22nd December 1863, Nos. 2,198 and 2,353. The Collector recommends that as on last occasion the cost of provision, &c., supplied to the Laccadive Islands be recovered by three equal annual instalments, and the Board see no objection to the arrangement.

2. It appears that a small portion of the provisions was distributed to the inhabitants of two of the Malabar Islands; but as the amount is recoverable from them, the Board are of opinion that the whole cost of provisions may be debited to "Advances re-payable" in the accounts of South Canara. The Accountant General is requested to instruct the Collector as to the mode in which the adjustment should be made with the Commissariat Department at Bombay, the supply having been made by them.

No. 158. ORDER THEREON, 14th March 1864, No. 441.

1. The Government grant authority for the cost of provision, &c., supplied in last year to the Laccadive Islands, viz., Rupees 11,390-11-2, being recovered by three equal annual instalments. The Board will order the institution of further inquiries with the view of ascertaining how much of this amount appertains to the Malabar District, and they will report the result to Government, meanwhile the entire charge may be debited to "Advances re-payable" in the accounts of South Canara.

2. The Accountant General will report, for communication to the Government of Bombay, the instructions he may have issued with reference to the concluding sentence of paragraph 2 of the Board's present Proceedings.
