*Proceedings of the Madras Government, Revenue Department,
16th March 1864.*

No. 183. Read the following Proceedings of the Board of Revenue, dated 10th March 1864, No. 1,475:—

Read the following letter from the Collector of Tinnevely, dated Trichendoor, 24th February 1864, No. 79.

1. I have the honor to report for the consideration and orders of the Board and Government, that Major Paxton, Executive Engineer in charge of Range No. 1, Tinnevely, states in his letter of the 19th instant, that a certain extent of Punjab land measuring 2 miles and 230 yards in length, and 20 yards in breadth, being the property of private individuals in the village of Mudithanendal in the Tenkarai Talook, is required for the new line of road No. 8, from Palamcottah to Tuticorin now under construction under the sanction of Government.

2. The proprietors of the land above referred to, raise objections to the same being taken for the road, and are not willing to give it up at a fair valuation.

3. Under the foregoing circumstances, and as Major Paxton reports that there is no other land available for the purpose, I am of opinion that the provisions of Act VI of 1857 should be enforced in the present instance.

4. I therefore request the Board will be pleased to obtain the early orders of Government, declaring the land to be needed for public purposes above stated, under Section 2, Act VI of 1857, in order that the land may be taken possession of, and the necessary compensation may be determined and paid to the owners in the manner prescribed in the above Act.

5. Copy of Major Paxton's letter on the subject, together with a Plan which accompanied it, are forwarded for the information of the Board and Government.

ENCLOSURE No. 1.

From Major L. PAXTON, Executive Engineer, 1st Range, to J. SILVER, Esq., Collector of Tinnevely, dated Poothoogody, 19th February 1864, No. 377.

SIR,

1. With reference to your letter No. 45 of the 15th instant, I have the honor to inform you that I have issued orders for the work on the Tuticorin road in the limits of Mudithanendal to be suspended until further orders.

2. I enclose a plan showing the portion of road which has been commenced, and the further portion of land required for the road in those limits, with a view to its being submitted to Government in the manner laid down in paragraphs 2 and 33 of Act VI of 1857, so that as little delay as possible may take place in the acquisition of the land in question, under paragraphs 4 and 5 of the above Act, as a contract has already been entered into for the construction of the portion of the road in question.

3. The present bandy track past Mudithanendal is for the greater part of the way nothing more than a water-course, and could not be made into a good road, except at an exceedingly heavy outlay.

I shall be obliged by your informing me when you would wish the land marked out in the manner described in page 299 of Grant's Code.
