No. 94. Read the following letter from Lieutenant-Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 5th January 1864, No. 4,357:—

Sir,

1. With reference to the Proceedings of Government noted in the margin, I have the honor to submit for sanction Plan and Estimates for the following works at the Presidency.

No. 2,056, dated 25th July 1863.
" 2,661, " 10th September 1863.
" 2,712, " 18th " "

1 Letter No. 280, dated 23rd November 1863.

	Rs.
1. Erecting a Stamp Office	25,200
2. Making certain alterations to the sheds and other buildings in the Commissariat Timber Depôt to adapt them for the use of the Stamp Office	3,680

2. The design for the new Office having already been approved of by Government and the Board of Revenue, it is unnecessary for me to say more than that their orders directing that arrangements should be made for the Assistant Superintendent to have a room on the lower floor were carefully considered; and it was decided by those immediately concerned that ample supervision could be exercised in following out the design shown in the plan, which places the operations in the lower story fully under the eye of the Assistant Superintendent in the upper.

In Proceedings No. 1,668, dated 10th September 1863.

3. The site plan shows how it is proposed to deal with the existing sheds.

4. On the sea face a neat iron railing will take the place of the present compound wall.

5. I have allowed Rupees 29,000 for these works in my Budget lists submitted on the 31st October last, and I recommend that sanction may be given for their execution early next official year.

6. As connected with this subject, I may observe that the Commissariat Department are not likely to give up their Timber Depôt to us until we have constructed the shed in the Granary compound, for which further orders are awaited in accordance with Proceedings No. 2,911, dated 7th October 1863.

Referred to the Revenue Department.
