*Proceedings of the Madras Government, Revenue Department,
5th April 1864.*

No. 66.

Read the following papers:—

Proceedings of the Board of Revenue, dated 5th February 1864.

Read the following letter from R. W. NORFOR, Esq., Superintendent of Stamps, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Madras, 2nd February 1864, No. 1,104.

SIR,

1. I have the honor to advise that a shipment of 68 cases, containing 1,350 Reams of water-marked Judicial paper, has been received by the Ship "Atalanta" and handed to me by the Principal Commissary of Ordnance, I have stored the cases in the same godown in the Timber yard in which I had placed the previous shipment.

2. There has been a mistake made at Home between this shipment and that advised of in my letter to the Board 2nd October 1863, No. 521. An urgent request for 1,350 Reams had been made from here regarding which the Secretary of State wrote on the 16th May 1863, No. 23, that it was being complied with, and a shipment of 1,227 Reams having been made on the "Nile" sailed 11th June following, this was taken to be in part of the promised 1,350 Reams, but that it was not so is proved by the arrival on the "Atalanta" of the 1,350 Reams.

3. The quantity of 1,227 Reams is therefore in excess of what was expected, but I think it better not to notice this at Home, as it might lead to more complications in future supplies, whilst the excess can easily be adjusted in future indents.

4. The only point requiring consideration is the effect the value may produce on the Budget account of this Office, which can only be estimated after receipt of advice of this shipment of the current and reserved stock now executing at Home.

1. Submitted for the information of Government.

2. There will be little difficulty in adjusting the charge for the excess shipment.

No. 67. From R. W. NORFOR, Esq., Superintendent of Stamps, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 2nd March 1864, No. 1,356 of Fusly 1273.

SIR,

With reference to your Official Memorandum of the 7th instant, No. 36, I have the honor to forward a Statement showing the quantity of Water-marked paper applied for to the Home Government, that received and that due, also the quantity issued from the Stamp Office and the balance in Store on the 19th instant.

No. 68.

ORDER THEREON, 5th April 1864, No. 566.

It appears from the Statement submitted with the second of the foregoing papers that the 1,227 Reams of Water-marked paper received by the "Nile" in October 1863, and referred to

• To Board of Revenue No. 1,101.

† Is G. O. 28th January 1863, No. 186.

in the letter from the Superintendent of Stamps of 2nd February 1864, form part of the 1,278 Reams promised in the last paragraph of the Despatch from the Secretary of State

‡ G. O. 27th November 1863, No. 2,140.

17th December 1862,† No. 54. Mr. Norfor's statement that the supply is in excess of what was expected seems therefore erroneous. There remain to be supplied 51 Reams, but as this quantity is not shown in the Statement under the head "Balance due by the Home Government," the Government presume that

it has been cancelled by the Indent sanctioned in October†

last, and is not now wanted.
