*Proceedings of the Madras Government, Revenue Department,  
14th April 1861.*

Ordered to be submitted to Government with reference to their Order dated 11th December 1863, No. 2,260. The Collector has furnished in the Statement all the information that can be collected from the existing records. In some cases the amount lent originally is unknown, though the Statement shows the amount of interest levied from each individual. It is stated that the Tusdeeks of the several temples from the revenues of which the loans were advanced do include in some cases the interest on the sums lent. In one or two cases it does not, and in some other cases, it cannot be ascertained how this is. But in any case, the collection hitherto made must have been far in excess of the original loan, and the Board are of opinion that it should be discontinued.

ORDER THEREON, 14th April 1864, No. 632.

The Government concur with the Board that the collection of these items by their Officers should cease. It will be for the Committee recently appointed under Act XX of 1863 to realize in future such of the items as may still be legally leviable on account of the Institutions concerned. When, however, the items are included in the Tusdeeks the Pagodas clearly have no further claim, and such items will be altogether remitted.
