*Proceedings of the Madras Government, Revenue Department,
27th April 1864.*

Read the following Endorsement of the Superintending Engineer, 3rd Division, dated Madanapalle, 20th April 1864.

No. 439. Read the following letter from Mr. G. W. LEWIS, Supervisor in charge of Markapur Range, to Lieutenant-Colonel E. HEMERY, R. E., Superintending Engineer, 3rd Division, dated Camp Booputhepully, 13th April 1864, No. 127.

SIR,

1. With reference to the Proceedings of the Madras Government, dated the 9th February 1864, calling for a valuation of Captain Nelson's house at Bairlooty, I beg to state that I have inspected the building and herewith enclose a plan and section of the same.

2. The building is just one terraced room 24 feet square without any verandah. The walls of the same are built with stone in chunam.

3. I am of opinion that this house could be erected at a cost of about Rupees 750, but as some repairs and additions are needed before it could be appropriated for the use of travellers, I beg to state that Rupees 500 would be a fair valuation for the building in its present state.

Forwarded with reference to Order No. 408, dated 9th February 1864.

(Signed) E. HEMERY, Lieut.-Colonel, R. E.,
Superintending Engineer, 3rd Division.

*Proceedings of the Madras Government, Public Works Department,
9th February 1864.*

No. 205. Read the following Proceedings of the Board of Revenue, dated 2nd February 1864 :—

Read the following letter from J. I. MINCHIN, Esq., Collector of Kurnool, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Madras, 29th January 1864.

SIR,

1. With reference to the Proceedings of the Board dated 23th January 1864, requesting my opinion on Captain Nelson's offer to sell his house at Biarlooty, for a Public Bungalow, at a minimum price of Rupees 700, I have the honor to state that if the Munteral Ghát be completed so as to induce travellers to adopt that route from the Coast Districts to Kurnool, the house in question would prove of the greatest convenience to them.

2. It is situated within easy reach of the Pass, and is the natural halting place after or before crossing it.

3. As the number of travellers adopting this route must always be limited, it would not have been worth while to construct a Bungalow for their convenience, but as the one offered by Captain Nelson is in existence, and can be purchased at a small price, I would beg to recommend his proposal for favorable consideration.

4. The Bungalow is of very solid construction, but it might be advisable to have it valued by the Public Works Department, before closing the purchase.

Ordered to be submitted to Government with reference to their Order dated 27th January 1864, No. 147, Revenue Department, and with the Board's recommendation that the Bungalow be purchased at a fair valuation as the Board understand that the Ghát works are in progress, and the accommodation to a chance traveller would be very valuable, while the cost of the building is insignificant.

(A true Copy and Extract.)

(Signed) W. HUDLESTON, *Secretary.*

Transferred to the Department Public Works with a view to the building being valued.
