*Proceedings of the Madras Government, Revenue Department,
6th May 1864.*

No. 62. Read the following letter from W. T. BLAIR, Esq., Acting Inám Commissioner, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Coimbatore, 25th April 1864, No. 31 :—

SIR,

1. With reference to that part of paragraph 7 of the Order of Government, dated the 16th instant, No. 642, wherein they remark that the probable number of cases still remaining to be settled in the several Districts has not been reported, I have the honor to inform them that no strictly accurate returns are procurable of the number of Ináms in the Districts now under settlement.

2. A tolerably fair idea of the remaining work may however be formed from the following facts:—

(A.) In the Trichinopoly District there were, at the beginning of March, besides 2,000 Service Ináms which have to be simply recorded, upwards of 5,000 Personal and Religious Ináms.

(B.) In Tinnevely, the Ináms in the Government Talooks were reported by the Collector in 1859 to be upwards of 8,000. The Deputy Collectors of this Department have not yet been able to form an opinion how far this is correct.

(C.) In the large Zemindary of Shivaganga, the only portion of the Madura District remaining to be settled, the Deputy Collector reports it to be impossible to give even the approximate number of minor Ináms. At the date of his report (March last) there were of entire Inám villages alone, 1,200 to be settled.

(D.) In the District of Malabar, the work yet done has been entirely of a preliminary kind and the Collector has informed me that the registration of the Ináms will be commenced immediately after the Jamabundy. It is not easy to state with confidence what is the number of Ináms in Malabar, but I think I shall not be far wrong in estimating it to be between 2,000 or 3,000.

(E.) In Tanjore, there is still one whole Talook to be settled, said to contain upwards of 1,000 cases, and the Government are already aware how difficult the work of registration is in this District.

3. It is my impression that altogether the number of cases remaining for settlement will not fall much short of 20,000, which will take about ten months for five Deputy Collectors to accomplish.

4. As it is likely that some time may elapse before the sanction of the Government of India is received for the expenditure proposed in the Supplemental Budget, and such delay will only have the effect of prolonging the Commission beyond the official year 1864-65, I request the permission of Government to entertain the proposed extra Establishment of Examiners from the 1st of May, and to continue the additional Establishment in the Central Office whose time expired with the month of March, their cost being met for the present out of the sum of 1,000 Rupees already allotted for this purpose in the Budget.

ORDER THEREON, 6th May 1864, No. 781.
