This list shows the cost of the villages as formerly

clubbed and as now revised, and it has received the approval of the Collector. The result of the revision is an increase of Rupees 1,416 per annum, as shown in the margin. In this revision very small villages and those situated close to each other and for which separate Monigars and Curnums are con-

sidered unnecessary, have been clubbed together. This arrangement has raised the number of villages from 270 to 282, to each of which a Monigar and Curnum are allowed
